

TERMS AND CONDITIONS

Applicant agrees to pay for all water service provided in response to this application, under the rates and rules currently or hereafter adopted by the Millview County Water District.

The deposit that accompanies this application will be returned only to the applicant named above and only upon termination of service at the request of the applicant and upon condition that all fees and charges due from the applicant to the district have been paid in full before delinquency. The deposit is not assignable and it is not refundable except as herein provided.

Customers will be billed monthly and payment shall be due and payable at the district office by the last day of each billing month. Accounts paid after the last day of the billing month will be charged a 10% past due fee. Accounts past due beyond 15 days may, at the discretion of the district, be turned off and locked. In the event that service is turned off and locked, the account must be paid in full and a \$25.00 service fee must be paid prior to the service being restored. Removing a lock from a locked meter and the unauthorized turning on of a water service may be considered theft of a public utility and may be prosecuted.

The water meter, valves on the district side of the meter and the meter box and all of its components are the property of the Millview County Water District. Only authorized personnel are allowed to operate the valves on the district side of the meter or perform any maintenance. Tampering with these items in any way may result in criminal prosecution. Damage caused by tampering with district property will be charged to the customer. The water district has personnel available to respond to emergencies arising after normal business hours. Call the district office for all service and after-hours emergencies.

Water service connections are authorized to serve only the residence/building described as the service address on the application. Providing service to more than one residence/building, unless authorized by the district in writing, is a violation of district policy and may result in the discontinuation of service.

In the event it is necessary for the District to initiate legal proceedings to enforce this agreement, the applicant(s) agree to pay all costs and expenses, including reasonable attorney fees, incurred by the District as a result of such legal action.

The property owner or management will be notified of all past due accounts and the discontinuation of service for delinquency. The property owner or management will be responsible for all outstanding fees on the account. A new account will not be established until final closing bill has been paid in full.

By Millview County Water District ordinance, all customers are required to install a shut-off valve on their side of the water service either at the meter or at the building. It is district policy that if for any reason district personnel turn off a water service, the service will be locked and will not be turned on until a shut-off valve is installed. District personnel can install a valve on the customer side of the water service for a minimal fee that can be included on the customer's water bill.
