RESOLUTION NO. 2021-01
DECLARATION OF WATER SHORTAGE EMERGENCY

WHEREAS, drought conditions and water demand in the year 2021 have contributed to an emergency affecting the supply of water within the District.

WHEREAS, the District has caused notice of this Declaration of Water Shortage Emergency to be published in accordance with applicable statutory requirements, including Water Code Section 352.

WHEREAS, the District has held a public hearing in accordance with applicable statutory requirements, including Water Code Section 351.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF REDWOOD VALLEY COUNTY WATER DISTRICT AS FOLLOWS:

1. That the foregoing recitals are true and correct and are incorporated by this reference as fully set forth herein.

2. The Board of Directors finds and determines, pursuant to Water Code Section 350, that the ordinary demands and requirements of water consumers cannot be satisfied without depleting the water supply of the District to the extent that there would be insufficient water for human consumption, sanitation, and fire protection.

3. The Board of Directors declares a Water Shortage Emergency for the year 2021, to take effect immediately upon adoption of this Resolution.

4. The Board of Directors is hereby authorized to adopt such regulations and restrictions on the delivery of water and the consumption within said area of water supplied for public use as will in the sound discretion of such governing body conserve the water supply for the greatest public benefit with particular regard to domestic use, sanitation, and fire protection, pursuant to Water Code Section 353.

Passed and adopted by the Board of Directors of the Redwood Valley County Water District at their meeting held on this 4th day of May 2021, by the following vote:
