July Demonstrator Allen Quandee

Tri-State Woodturners
An official AAW chapter

I started my turning journey back in the late 80's. I was expanding my small deck and needed a number of balusters. I persuaded my wife that it would be cheaper to make them rather than buy them. I forgot to tell her I wasn't including the cost of the lathe and tools.

I joined my first woodturning club, the Ohio Valley Woodturners Guild. I was

asked to do a demo on segmenting, my first, within a year of joining. I have been a member of a number of clubs and doing demos since then.

One of things I have always had issues with is turning finials. In 2018 I came across a document by Robin Costelle on making "3 piece" finials. Since then the majority of the finials I do are the 3 piece. They are simple in style (at least mine) and easy to make and adds interest to hollow forms or anything with a finial.

The demo this month will be my process for making the 3 piece finial. I like them because they are different and provide a visual highlight. They are made from two different species of wood or one species of wood and a piece of resin.

June Demonstration

Frank Bowers demonstrated turning a bowl from a log both roughing out a blank from green wood, to be turned a second time, and turning a natural edge bowl from the log.

Donation Projects

President, Doug Spohn

TSW CLUB OFFICERS

Doug Spohn President
(423)240-4386 djspohn@epbfi.com

Jerry Schnelzer Vice President
(423)280-9757 Jerry.Schnelzer@gmail.com

John Fortmiller Treasurer
(423)280-5904 Leowen@Epbfi.com

John Dekle Secretary/Newsltr Editor
(423) 508-8051 Turning411@Yahoo.com

Doug Spohn Program Director
(423) 240-4386 djspohn@epbfi.com

Most above officers are official
Tri-state Woodturner Mentors

Don't forget the opportunity to give to others by turning one of the donation projects; Beads of Courage Box, Pens for the Troops or Ornaments.

NEW MEMBER MENTOR: Are you new to wood turning or at least have an interest in it? TSW provides an opportunity for you to learn from other turners who are willing to give you personal instruction and guidance. There is no fee for this instruction for TSW members. Contact one of the listed officers who will guide you to select a helpful mentor for you.

The following sponsors give generously to Tri-State Woodturners and we want to encourage members to support them generously

Treasurer's Report

The Web

Beginning Balance June		4,358.93
Income		+50.00
Raffle	50.00	
Expenses		370.00
Rent	70.00	
Demonstrator	300.00	
Ending Balance June		4,038.93

I thought about featuring a web site turning a scoop, since that is the challenge for July for novice turners, but there are many on the web. A simple google search for turning a wooden scoop will produce sufficient quantity to give you hours of instruction.

Have you ever considered being a demonstrator at one of our club meetings? It is a great way to increase your skills and move to the next level of turning. AAW is conducting a series on how to be an effective demonstrator. I've viewed this series and highly recommend viewing it.

2023 TSW Club Challenges

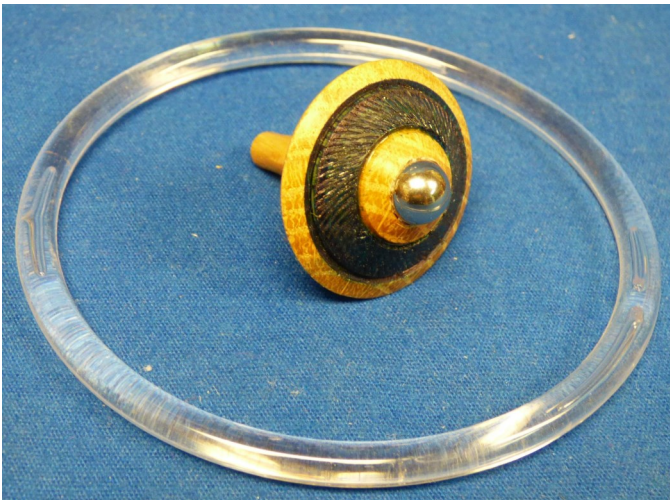

If you are a novice or beginner turner you may do the Novice Challenges or the Confident Turner Challenge. There is also the option to turn what was demonstrated the previous month.

Novice Turner		Confident Turner
Awl -1	Jan	Awl-4
Pen-2	Feb	Candle Holder w/Glass Globe-8
Jewelry -3	Mar	Acorn Lidded Box-8
Bottle Stopper-2	Apr	Pen/Pencil (w/o a kit) -5
Tooth Pick Holder-3	May	Fishing Lure-3
Napkin Ring-4	June	Baby Rattle-3
Scoop	July	Flask
Weed Pot	Aug	Plant Stand
Door Stop	Sep	Stethoscope
Ornament	Oct	Bell
Salt/Pepper Shaker	Nov	Yoyo

Show and Tell

Items on this page were created and turned by John Dekle

Show and Tell

All the items on this page were designed and turned by Charles Jennings

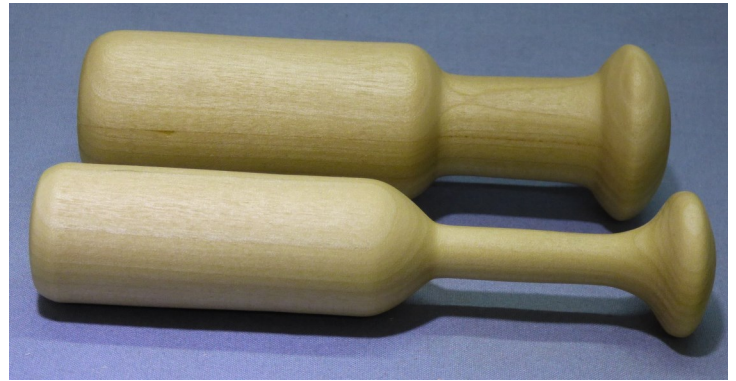

Show and Tell

Items on this page were all designed and turned by Les Isbell

Show and Tell

These top 3 items were turned by
Jerry Schnelzer

The Art of Inlays and Embellishments with Myra Orton

Weeklong- July 30-August 4, 2023 - In this workshop, you will apply Myra Orton's one-of-a-kind inlay and embellishment techniques she developed for use on wood turned lidded boxes. Learn how to wood turn lidded boxes and become proficient in the art of inlaying unique items (on and off the lathe) such as purfling, abalone, mother of pearl, leather, copper foil, and various species of wood. You will acquire knowledge in using pyrography, specialty tools, a power carver, and a variety of coloring techniques. As you work through your projects, you will further enhance your end grain and side grain inlays with learning how to apply composition, creativity, and gain an understanding of where to find inspirations for embellishments that tell a story. This workshop is interesting, fun, filled with in-depth instruction, and hours of guided hands-on time. Intermediate - Advanced, \$100 materials fee. All wood and most specialized equipment will be furnished. There is a tool kit available at each lathe station but you may bring your own tools. Following is the direct link to the registration for this class.
