

2018/2019 Pre-Registration

Pre-Registration allows families to register for the next year's school year of dance classes without attending formal registration. It allows for feedback and communication of possible scheduling conflicts that might be a problem next year.

When setting next year's schedule we take into consideration all communicated conflicts and set class times in the best interests of everyone. A class schedule will be mailed to you, along with the 2018/19 registration forms to update any personal information and any new fall information. Please provide a valid email and physical address. Fall Classes will begin **August 20, 2018** with a prorated 1/2 tuition rate for the first month. Remember the first and last month's tuition is due when classes begin August 20th. If you have any questions please let us know.
