

# Traffic?

## Poinciana Traffic Townhall

We have traffic congestion issues every day in our area.

- What is being done to address the current level of traffic?
- To deal with the 1000's of new homes and apartments being built or in the plans?

The current county Commission is not paying attention to our plight. One of the ways to help them understand is to form an advocacy group for our area to push them in the correct direction. To solve our issues. Expanding Poinciana Blvd will not solve our issues. The South Port Connector will not solve our issues regardless of the route selected. Short term and long-term solutions are available.
