| OVERVIEW OF THE HOME PAGE	• STORY FEED • SIDE NAVIGATION • FEATURES ON THE RIGHT

The STORY FEED consists of the stories published by people you follow. The top ones are the most recent. It's just a snippet of the whole story.

The SIDE NAVIGATION (on the left of the home page) gives you quick access to different parts of Storied. From the side navigation panel, you can go to My Stories, My Gallery, My Family Trees, Groups, or Search Historical Records and Newspapers.

To the right of your story feed are two additional features to make navigating and adding to your family tree quick and easy - HINTS and RECENTLY VIEWED. Any available Hints found for people in your family tree will be noted here. Recently Viewed allows you to quickly access the last five people you viewed. And they can be from different family trees!

MY STORIES	• ADD A STORY
	   ○ STORYASSIST™
	   ○ PEOPLE AND RELATIONSHIPS ON THE FLY
	• CATEGORIES

There are two ways to write a story. You can write your own using the Story Creator, or you can use our StoryAssist™ feature. Just add a few details, and a rough draft will be generated in seconds!

If you want to add a person or pet and their relationship "on the fly," it's easy. After you have written your story, you will be prompted to add people or pets to your story that are not in your family tree.

Categories allow you to see how you have tagged the stories you have written. You can also sort by category.

GROUPS	• GROUP OVERVIEW • HOW TO CREATE A GROUP

Share stories with the important people in your life with Groups. Each group has a specialized story feed, stories, gallery, and list of members. You can also customize the URL for your group and share a family tree.

Creating a group is easy. From the left side navigation panel - under groups - choose Create a Group. All you need to add people to your group is an email address.

| SEARCH	• HISTORICAL RECORD SEARCH • NEWSPAPER SEARCH

There are two types of searches at Storied. The Historical Record Search gives a user basic and advanced search options for all kinds of records: census, birth, marriage, death, military, and immigration.
