- We individually select our Caregivers to match the personalities and interests of the clients they serve.

Transparency and Engagement

- Using our ClearCare Family Portal, families can actively participate in the care of their senior loved ones.
- Family members, interested physicians, and other authorized participants play an active role in their loved one's care and care management.
- The portal enables families to rapidly address health concerns and changes, providing peace of mind knowing they have contributed best-in-class service to their loved-one.

Free In-home Assessments

- Just Between Seniors provides free, no obligation in-home assessments and home safety checks to help you decide if our services are right for you.
- Our safety checks help you make informed decisions about potential hazards and installation of devices to improve safety in your loved one's environment, allowing them to remain in their home for as long as possible.
