Won of Fourteen – Sentry ToC Edition

Gear enthusiasts and weekend warriors alike often wonder what clubs the pros are gaming each week. This series of articles will focus on one of the fourteen clubs that captured my attention and helped propel your favorite PGA Tour player to victory this past weekend.

This week, Jon Rahm took home the trophy at the Sentry Tournament of Champions after trailing by seven strokes entering the final round. Let's take a look at the recently released driver from Callaway that helped him secure his 8th PGA Tour victory!

Callaway Paradym Drivers

If you're Callaway Golf, you couldn't script a better week as your number one brand ambassador puts your new driver in play at the Sentry Tournament of Champions, overcomes a seven shot deficit, and takes home the title. Add to that, his +1.74 strokes gained off the tee led the field in the

final round where he also hit 60% of his fairways and averaged 333.6 yards off the tee.

Safe to say there are a lot of smiles inside the Callaway Golf campus in Carlsbad, California on this Monday morning, for sure. As the ball dropped and the calendar turned to 2023, the Callaway line on Paradym drivers hit the USGA Conforming List offering multiple variations (Paradym, Paradym X, and Paradym Triple Diamond) to suit every golfer's swing and tendencies.

Let's get in to the main features of the new Paradym drivers:

- Industry first 360° carbon chassis resulting in a body that's 44% lighter than an all-titanium body. This massive weight savings is repositioned both forward to enhance ball speed, and toward the back of the clubhead for increased forgiveness.

- New A.I. designed Jailbreak system is 33% lighter than its predecessor, enhancing stability and ball speeds. Jailbreak A.I. is designed to increase stiffness in the body for more face flex and higher ball speeds.
- New A.I. designed face optimized to increase ball speeds, enhance launch, and now downrange dispersion. Experience a more consistent shot pattern with the world's most advanced driver face designed by A.I.
- Three distinct Paradym driver models, each with their own unique ability to dial in ball flight for the golfer's swing.

	PARADYM	PARADYM X	PARADYM ***
PLAYER TYPE	All Handicaps	Mid-High Handicaps	Low Handicaps
PROFILE	Distance & Adjustability	Distance & Forgiveness	Distance & Workability
SHAPING	Modern Shape	Stretched Back Shape	Compact Tour Shape
ADJUSTABILITY	15g Sliding Weight	5g Back Weight	14g Back, 2g Front Weight
LAUNCH	Mid-High Launch	High Launch	Low Launch
SPIN	Low Spin	Mid-Low Spin	Lowest Spin
FLIGHT	Neutral Bias (Adjustable)	Semi-Draw Bias	Neutral Bias (Workable)
HEAD SIZE	460 cc	460 cc	450 cc
LIE ANGLE	57°	60°	57°
LOFTS	9°, 10.5°, 12°	9°, 10.5°, 12°	8°, 9°, 10.5°
AVAILABILITY	RH/LH	RH/LH	RH/LH (Except 8°)

Jon Rahm is currently gaming the Paradym Triple Diamond version at 10.5° loft and an Aldila Tour Green 75 TX shaft.

Each driver will retail for \$599.99 and is available at most of the major equipment shops, including our friends at Woods to Wedges inside The Dome!

WE ARE OPEN DURING DOME REPAIRS
