

Following Schools Policies Notice

In School Packages

For in school packages, we will abide by the policies and rules of the school of which we are operating within.

The only exception to following a school's policy over ours, would be if the school's policy would cause harm to the wellbeing of a child. Safeguarding the child will always be our paramount priority and concern, and will act in accordance with that.

After School Clubs

Upon booking with Seren Kids, we will send out Parent Welcome packs for both after school clubs and camps. In regards to After school clubs we will send out policies and agreements. Anything that requires signing signals that we have had our policy checked by the school and they are happy for us to run our policy, which will often be in line with their own.

However, it is likely that we would also operate within the school's policy (such as picking the children up from a designated area as specified by the school to us, and their drop off points being adhered to also). As we are a general club that will be running across various schools, we would not be able to create enough policies to cater to individual schools drop off points, therefore we also work in line with the school's own policies wherever possible too.

The only exception to following a school's policy over ours, would be if the school's policy would cause harm to the wellbeing of a child. Safeguarding the child will always be our paramount priority and concern, and will act in accordance with that.

Holiday Camps

Upon booking with Seren Kids, we will send out Parent Welcome packs for both after school clubs and camps. In regards to camps, these will be independent of school policies, and our policies wholly apply to our camps. All of our policies have been guided by Legislation, Guidance, Ofsted requirements, Local Schools, and Safeguarding training.
