SELECT CORRECT STUDENT

Find your correct Student to download the correct QR code for the correct Student - they are Student Specific for check-in for each Athlete's Enrollments.

3

CLICK "QR CODES"

This link will bring up two options, ATHLETE QR CODE and FAMILY QR CODE. While both will work, the Athlete method is preferred for a smoother check in process. Take a screenshot of the QR code and save to your device.

4

SAVE THE QR CODE

Save the QR Code somewhere easy to access. In your Photos App Favorites or in a note is a great spot. If your ATHLETE will be checking themselves in, please make sure they have saved on their phone.
