ABETTA® GAITED COMFORT TRAIL

The **Abetta® Gaited Comfort Trail** features an extra tick **super cushion seat**, built on the same time proven design as our Abetta original, but with the comfort and freedom of movement required for the four beat gait. The Poly-solid gaited tree with covered neoprene cushione bars are slightly narrower and angled for a correct fit and flared at the front to minimize interference with shoulder movement. It's durable, lightweight, comfortable with shock absorbent foam and weatherproof.
