

Combine:

1 Tablespoon HeatYourMeat™ spG Hot & Heavy Garlic

1 cup Mayonnaise

1/2 cup Milk

(For thicker dressing use light cream or Buttermilk)

Whisk together until fully incorporated then
refrigerate for at least one hour.

(Better if it sits overnight to allow the flavors to really mingle)

This dressing is GREAT on salad or as a dip for veggies!
Use anywhere you would use regular ranch dressing but
this adds a delicious punch of Garlic with a spicy finish.

So darn good!
