My “why”

To show kids how to play the game while having fun and the life lessons associated with the game and life.

My expectations for 2023:

To dominate in the league. This will require buy in from not only the players but the parents. I intend to test kids’ limits and show them they are capable of more than they thought.

Biggest football related goal for 2023:

Bring home the Ship and do it in style.

Biggest non-football related goal for 2023:

To build confidence in the kids and also elevate their game and critical thinking skills.
