

# The Golden Rule

FEBRUARY 2023

## President's Message

GSHBA Members,

We have some events coming up to put on your calendars this spring that you don't want to miss.

This month is our Throw and Grow Meeting at Lucke's and Section 715 on February 21st. Network with other members while throwing axes and cornhole bags together. Mission will be there with pork sandwiches and Lucke's will be serving up the drinks. Hope to see you all there.

Saturday, April 29th is the annual Hammer Down 5K. The registration is open on our website and we need your help getting the word out to people. If you are interested in being a sponsor of the event reach out to Carrleen. The next Hammer Down Committee Meeting is Monday February 13 at 4:00pm at Compass Insurance on Hwy 10. Come if you are interested in volunteering or helping with the 5K.

June 15th we booked the Rat Trap for our members at the Raft-er's baseball game in Wisconsin Rapids. We have limited spots available so RSVP now if you want to reserve your seat at the game. There will be a food buffet with ballpark food until the 5th inning and open bar with beer, cidars, seltzers and sodas until the 7th inning.

July 21st is the Jeff Nygaard Golf Outing at Glacier Wood in Iola. Last year this event filled up quickly so get your team together now and watch your email for registration coming soon.

Parade of Homes dates are set for September 8-11, 2023. Contracts to enter a home will be available in the next few weeks. This is a great advertising event for builders and associates. I encourage everyone to take advantage of it, whether it's volunteering to take tickets at a home, advertising in the Parade of Homes book or doing one of the live auction advertising deals.

Looking forward to throwing with everyone on the 21st,

*Bruce Woyak*

**Bruce Woyak, Central Door Solutions**

1430 Contractors Blvd. Plover, WI 54467

**Seats are limited RSVP today!**

**SAVE  
THE  
DATE**

**July 21, 2023**

**Jeff Nygaard Golf Outing**

*More details to follow.*

## LOOKING FOR A WINDOW PARTNER? I CAN HELP!

Hi, I'm Brian Jeske. I am a 25 year veteran of Pella Windows and Doors of Wisconsin. My wife and I relocated from the greater Milwaukee area. I am a 5 time Pella Corporation presidents club winner. I work with residential builders, remodelers, architects, and homeowners to help select the right windows and doors for their projects. I take pride in my customer service, detail and accuracy. How can I help you with your project?

### Why Pella?

- Rated #1 for Innovation
- Rated #1 for Highest Quality
- The Best Warranty
- Energy Efficiency
- Simply Beautiful
- Superior Performance

# Scholarships Now Available!

## The Building of Our Future

In 2002 the Golden Sands HBA, with the support of our members launched a scholarship program that is designed to support and encourage students who are pursuing educational studies that would lead to careers in the building industry and related sectors.

**Scholarships are due April 3rd.** If you know someone continuing their education please share these scholarships with them or encourage them to call or email the office for more information.

The following scholarships are now being offered at [gshba.org](http://gshba.org) and in local schools:

\_\_\_\_\_ **GSHBA Scholarship of Excellence - \$1,000**

\_\_\_\_\_ **Jeff Nygaard Memorial Scholarship - \$500**

\_\_\_\_\_ **Henry Knoll Memorial Scholarship Fund - \$500**

\_\_\_\_\_ **The Portage County Bank Scholarship - \$500**

\_\_\_\_\_ **The GSHBA Winner Winner Chicken Dinner Scholarship - \$1,000**

**MAKE A DONATION**

GSHBA has a Scholarship Fund at the Community Foundation of Central Wisconsin. We set this fund up in 2015 with the goal of growing the account to a point that it would self-fund the yearly scholarships the Association gives out to local students. We have done several events the past two years to increase funds but we are still quite a bit short. I've included a link to a website where donations can be made to our scholarship fund [https://cfcwi.fcsuite.com/erp/donate/create/fund?funit\\_id=1098](https://cfcwi.fcsuite.com/erp/donate/create/fund?funit_id=1098) .

Any amount is greatly appreciated! You can make any donation amount from \$10 or \$10,000 or higher on the website. I think one of the best ways to give back and grow our industry is to invest in our local future leaders!

Please reach out if you have any questions about making a donation to [office@gshba.net](mailto:office@gshba.net).

**WISCONSIN  
BUILDERS  
ASSOCIATION**

**Advocacy Digest | January 24, 2023**

**Brad Boycks, Executive Director**

**Advocacy Group Gets Briefing on Possible Housing Package**

During the most recent meeting of the WBA Advocacy Group, those in attendance were briefed on a package of policy items that are under consideration for introduction this legislative session. The package is a result of several meetings over the summer and fall of 2022 with a diverse group of interested parties that included WBA.

Some of the items currently being discussed include:

- State loan funds to be used by municipalities for zero or low interest loans for developers to pay for infrastructure. Modeled after a bill introduced in Indiana.

- Revolving loan program for municipalities to administer, to redevelop older housing units in downtown areas in smaller communities (second floor residential above first floor retail)

- Revolving loan program for the redevelopment of current vacant commercial property (old Shopko stores, vacant malls, and vacant office space, etc.) to be used for single family and multifamily housing

- Funding the workforce housing remodeling bill that was passed last session with no funding

- Fund WEDC's ability to list "workforce housing shovel ready sites" (bill vetoed last session because of lack of a funding source)

- Eliminate a county's ability to require a supermajority for a zoning change and eliminate any municipality from being able to enforce a supermajority for a zoning change

- If a subdivision complies with municipalities zoning and the comprehensive plan, it cannot be denied unless "the project would have an adverse impact on public health or safety that is significant, quantifiable, director, and unavoidable"

- Make it more difficult to legally challenge a subdivision in court after it is approved

The Advocacy Group reacted positively to the above-mentioned policies. The legislative session has just started, and we will continue to update the WBA membership on these and any additional items that may be included in a comprehensive housing package in 2023.

**2022 Ends With A Decline in Single-Family Starts For the First Time Since 2011**

**BY Danushka Nanayakkara-Skillington of NAHB**

Led by a decline in multifamily production, overall housing starts decreased 1.4% to a seasonally adjusted annual rate of 1.38 million units in December, according to data from the U.S. Department of Housing and Urban Development and the U.S. Census Bureau. Also of note, single-family housing starts ended the year down more than 10%, marking the first annual decline since 2011.

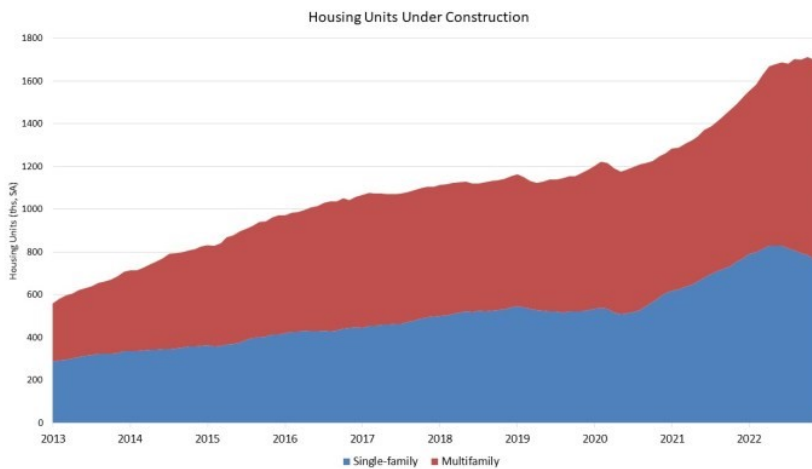

The December reading of 1.38 million starts is the number of housing units builders would begin if development kept this pace for the next 12 months. Within this overall number, single-family starts increased 11.3% to a 909,000 seasonally adjusted annual rate. The three-month moving average (a useful gauge given recent volatility) inched up to 862,000 starts, as charted below. However, single-family housing starts are down 25% compared to December 2021.

The multifamily sector, which includes for-rent apartment buildings and condos, decreased 19% to a 473,000 pace for 2+ unit construction in December. The three-month moving average for multifamily construction has been a solid 541,000-unit annual rate. One a year-over-year basis, multifamily construction is down 14.9%.

Total housing starts for 2022 were 1.55 million, a 3% decline from the 1.60 million total from 2021. Single-family starts in 2022 totaled 1.01 million, down 10.6% from the previous year. Multifamily starts (2+) in 2022 were up 15.1% compared to the previous year and exceeded a 500,000 annual pace for the first time since the Great Recession.

On a regional and year-to-year basis, combined single-family and multifamily starts are 5% higher in the Northeast, 5.7% lower in the Midwest, 1.6% lower in the South and 7.2% lower in the West.

As an indicator of the economic impact of housing, there are now 769,000 single-family homes under construction. This is 0.1% lower than a year ago. There are currently 943,000 apartments under construction, up 24.9% compared to a year ago (755,000). Total housing units now under construction (single-family and multifamily combined) is 12.3% higher than a year ago.

Overall permits decreased 1.6% to a 1.33 million unit annualized rate in December and are down 29.9% compared to December 2021. Single-family permits decreased 6.5% to a 730,000 unit rate and are down 34.7% compared to December 2021. Multifamily permits increased 5.3% to a 600,000 unit pace.

Total permits for 2022 were 1.65 million units, a 5% decline from the 1.74 million unit total from 2021. Single-family permits in 2022 totaled 972,000 unit rate, down 12.9% from the previous year. Multifamily permits in 2022 were up 9.0% compared to the previous year.

Looking at regional permit data on a year-to-year basis, permits are 13.6% lower in the Northeast, 3.4% lower in the Midwest, 2.4% lower in the South and 8.3% lower in the West.
