MODERN 8 TON RICE MILL

Utility : It is accepted the quality of food grain in the modern age if consumers, In this reference the rice is mostly consumed in india and export in foreign countries. Every consumer's want to purchase neat and clean, nutritious, sweet and sainted fine rice from shops.

The rice industries need always new modern and good rice purifying machinery. In this regards always New Shri Vishwakrama Engineering works. Katghora, Distt. Korba (C.G.) is high quality and Modern rice mill plant manufacturer and suppliers since many years successfully.

Working Produce : Paddy have to pass through paddy cleaner the removes all the impurities and place in it the Rubber Sheller to peel the paddy. Then those are Cleaned in modern separator and then Agro Cone Polisher, Gelej Master it, then those are propped in Round Chalna (Screen) to get without broken high quality, nutritious, pure super fine Rice.
