

ORIGINAL FATIVAN DOOR HOLDER ATTRIBUTES

When opened the hook CENTERS ITSELF allowing for a ONE HAND installation

The wings are made of 6-6 nylon, are very strong and HEAT RATED

The 1/4" solid steel hook is case hardened and zinc plated

The hook is locked in with a zinc plated 3/32 pin

The hook easily slips over any standard hinge

The tape is REFLECTIVE and can easily be seen in a smoky environment when hit with a light

Under the tape are two RARE EARTH magnets that allow for convenient storage and three easy ways to hold open the door. Slipped over the hinge = 80 degrees open, magnetized to the hinge = 45 degrees open and magnetized to the lock plate allows the door to be kept open but not locked.

It weighs only 5 oz.

All metal parts are zinc plated which makes the ENTIRE TOOL CORROSION RESISTANT

The tool is sized to the same length of a standard hinge therefore ELIMINATING DISTORTION to the door

Unlike other door chocks on the market the FatIvan does NO DAMAGE to the door finish

It is MADE IN THE USA and has a FULL FIVE YEAR warranty

Customer can have special name and or logo printed on the tape for orders of 120 minimum at no additional cost

Ergonomically convenient as NO BENDING is required

ENHANCES PRODUCTIVITY as it now only takes one person to carry large loads through a door

Provides TWO HANDS FREE for carrying items ie groceries, children, equipment, guernies etc.

Cannot slip off the hinge when properly installed

Can drop ship for a \$3.00 nominal cost per order

THE ORIGINAL FATIVAN IS PERFECT FOR ALL HEAVY DUTY MAINTENANCE PROJECTS, FIRST RESPONDERS, RESTORATION COMPANIES, LARGE RESORTS, MOVERS, NEW MOTHERS, FUNERAL DIRECTORS AND ANY MARKET WHERE LARGE DOORS OR EQUIPMENT REQUIRE BEING HELD OPEN.
