

Thank you for your interest in establishing an account with Thermalsun Glass Products! We are proud to be among the North Bay's top glass suppliers and look forward to doing business with you. In order to open an account for your company, we require the completion and return of the attached Credit Application and related forms.

Please review the enclosed documents carefully and fill out all information requested. If you wish for us to not add sales tax to your purchases, please be sure to complete the California Resale Certificate.

You may return the completed application by faxing it to 707-595-9939, or scanning and emailing it to our Controller, Jeff Manahan at controller@thermalsun.com. Your application will be reviewed promptly. We will notify you via email or phone call once all items have been addressed and appropriate credit terms have been established.

If you have any questions, please do not hesitate to call us at 707-595-3631.

Sincerely,

Thermalsun Glass

Personal Guarantee

In consideration for credit which may be granted by Creditor to the above applicant, I/we the undersigned agree to further and wholly guarantee any debt incurred by said applicant or by its agents, and I/we agree to the terms listed in the above agreement. This personal guarantee for applicant's debt may be revoked by the undersigned upon thirty days written notice to Creditor of the undersigned's intention to revoke said personal guarantee providing that such termination shall not affect the liability of the undersigned, as to amount then owing from the applicant. The undersigned shall remain liable for any charges incurred with Creditor prior to the end of said thirty day period. In any legal action instituted on the guarantee, the prevailing party shall be entitled to recover its reasonable attorney's fees and costs, in addition to any other recovery by such party.

California Resale Certificate

I HEREBY CERTIFY:

1. I hold valid seller's permit number: _____

2. I am engaged in the business of selling the following type of tangible personal property:

3. This certificate is for the purchase from _____ of the item(s) I have listed in paragraph 5 below. [Vendor's name]

4. I will resell the item(s) listed in paragraph 5, which I am purchasing under this resale certificate in the form of tangible personal property in the regular course of my business operations, and I will do so prior to making any use of the item(s) other than demonstration and display while holding the item(s) for sale in the regular course of my business. I understand that if I use the item(s) purchased under this certificate in any manner other than as just described, I will owe use tax based on each item's purchase price or as otherwise provided by law.

5. Description of property to be purchased for resale:

6. I have read and understand the following:

For Your Information: A person may be guilty of a misdemeanor under Revenue and Taxation Code section 6094.5 if the purchaser knows at the time of purchase that he or she will not resell the purchased item prior to any use (other than retention, demonstration, or display while holding it for resale) and he or she furnishes a resale certificate to avoid payment to the seller of an amount as tax. Additionally, a person misusing a resale certificate for personal gain or to evade the payment of tax is liable, for each purchase, for the tax that would have been due, plus a penalty of 10 percent of the tax or \$500, whichever is more.

TERMS AND CONDITIONS OF SALE

1. Quoting:

1.1 All quoted prices are based on the information you have provided us at the time of quoting. Any changes that affect cutting yields, project volumes, lead times, etc., may require a price adjustment.

1.2 Final shape charges will be determined upon receipt of details supplied at time of order.

1.3 Thermalsun will guarantee quotations for 90 days unless otherwise specified.

1.4 If number of releases are specified on the quote, releases exceeding that amount may be subject to additional costs.

1.5 Minimum invoice charge is \$25.00. All products have a 2 square foot minimum charge.

2. Booking and Ordering:

2.1 A booking P.O. must be received before Thermalsun can order any non-stock raw material.

2.2 All non-stock raw materials will be pre-ordered based on the volumes indicated on the booking order. Any changes in product type or volumes will result in a charge back to the customer.

2.3 Purchase orders must be placed for all glass releases. The purchase order must include reference to the quote number or the project name.

2.4 Confirmation will be sent for each purchase order. It is the customer's responsibility to review the quantities, product descriptions, and estimated delivery date for accuracy. Orders held at shipping may be subject to additional charges.

3. Pricing:

3.1 Pricing is valid for the date indicated and for the volumes listed on the quote. Thermalsun reserves the right to adjust pricing if the volumes are not met.

3.2 All pricing is calculated by rounding up to the next even inch (block size), with the exception of shapes and templates. Shape and template cutting can vary from a 2" (template cutting) to a 4" (lay-out per drawing cutting) add to the block size.

3.3 Our energy surcharge at the time of order will be added to the total invoiced amount.

3.4 Applicable taxes will be added to each invoice.

3.5 Shape charges are not included in the square foot pricing and will be charged separately. All edgework and fabrication are extra unless indicated on the quotation.

4. Technical

4.1 All units are dual sealed with Polyisobutylene/Polysulfide except as indicated on the order and all subsequent purchase orders. A silicone secondary seal is available if specified in writing on your PO.

4.2 Roller-coated ceramic frit spandrel is not recommended for use in vision applications and is specifically intended to mask building materials in non-vision areas of the building envelope.

4.3 Unless otherwise specified, any inherent roller wave distortion will run parallel to the width of the glass (horizontal). Sizes on the purchase order are assumed to be width x height, as per industry standards. Exception: any glass requiring heat treatment that is over 82" wide will have the distortion running vertically.

4.4 Argon filled units will have an initial fill of 90%, however variations in fill or depletion are unavoidable and therefore Thermalsun does not provide any warranty or guarantee on argon content or effectiveness.

4.5 Thermalsun shall not be liable for any error or omissions in glass specifications.

4.6 Thermalsun does not recommend warm edge spacer bar for Structural Sealant Glazing (SSG) for aesthetic reasons. For best aesthetic results Thermalsun recommends dark bronze aluminum spacer, black primary sealant, and black silicone.

4.7 Thermalsun's standard low-profile sight-line is 7/16". Depending on the make-up several sight line adjustments may be available.

4.8 Thermalsun relies on the glazing contractor, architect and the design/specification community to ensure that glass/glazing products ordered meet the design requirements and relevant building codes.

4.9 Thermalsun products are manufactured to meet or exceed the applicable ASTM Standards on the date of manufacture.

5. Claims:

5.1 Claims for breakage on delivery or manufacturing defects must be made within 24 hours of delivery.

5.2 Thermalsun does not accept back charges or liquidated damages.

5.3 Thermalsun does not warranty against thermal-stress breakage. It is the responsibility of the glazing contractor and/or architects to determine the suitability of the product specified for a particular use.

5.4 Thermalsun products are covered by a limited warranty which is available upon request.
