

Cost Comparison

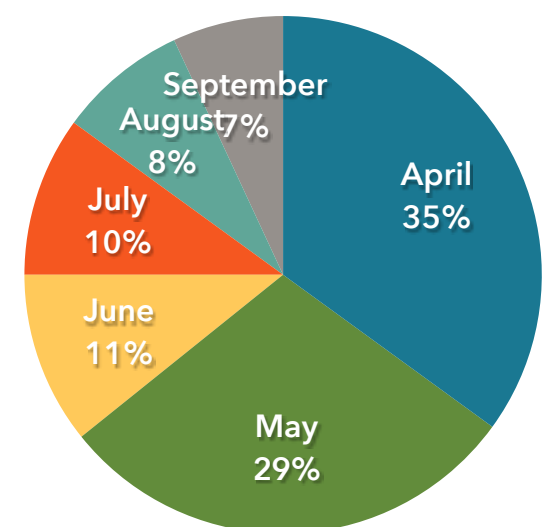

How will you Educate Yourself this Coming Year?

\$3174 is the cost of 6 units at the local state college, in a group setting of 100 students. A 1 to 100 session. In which each class is 4 units. Electives: such as exercise are 2 units. So essentially a class and a half; with 100 other strangers. Each class is \$2116. And an elective is \$1058. So you pay more at a college to take a group class. PRIVATE COLLEGES **\$12,972** PER TERM. SOURCE: COLLEGE DATA.COM

Your future depends on YOU!!
