AWARE

Welcome to the third edition of Aware! Our semi - annual special marketing and promotional hybrid brochure which offers educational resources, selling tools, new product introductions and of course savings on a great many items that are on sale for a limited time period.

As we ease into 2023, SATCO|NUVO is ready to service a broad scope of your lighting project needs. From residential lamp replacement to high-rise office and multi-family dwellings; we have the products and inventory to provide a single source solution.

Take note of our expanded STARFISH "SMART" lighting products. We continue to expand this category. Recent introductions include, "SMART" Video Floodlight/Camera, String Lights and CounterQUICK™ Under Cabinet RGBTW lighting system.

New commercial luminaires and retrofit lamps, new decorative lighting from NUVO, and so much more are featured in this timely introduction. Enjoy!

STARFISH™ SMART USES

Creative Uses For STARFISH™

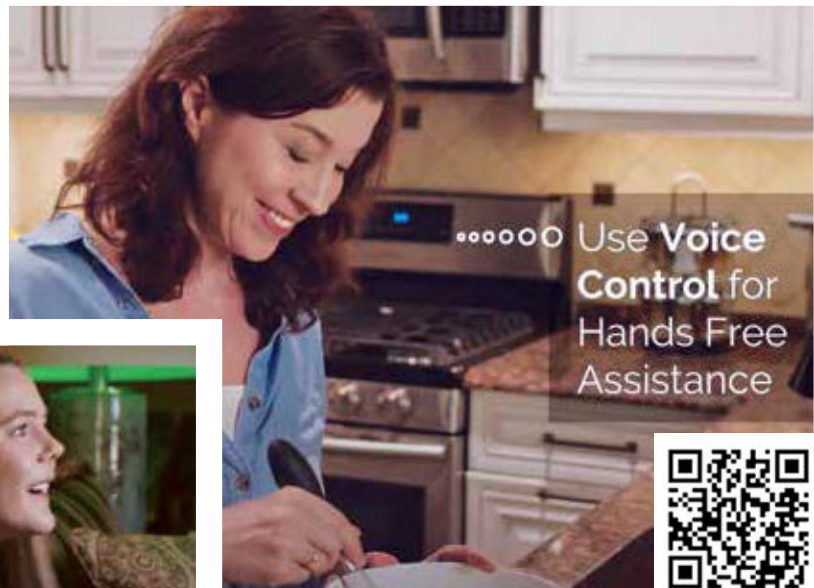

STARFISH™ LED Smart Lighting is a convenient way to connect and create a vibe! STARFISH LED brings a stylish, affordable, lighting solution to illuminate your space. The capabilities of SATCO's Smart bulbs when used with the STARFISH app will create an entirely immersive experience.

Add some atmosphere with dynamic RGB lights! Self-adhering tape lights are flexible and fun, use the smart dimming and tunable white features for a soft elegant glow or to wash the room in colors for a techni-color vibe! STARFISH tape lights fit great along the edge of your TV. Sync the lights with the sounds of your TV to give your room an entire theater vibe.

PLAN A ROMANTIC EVENING UNDER THE STARS!

DYNAMIC COLOR CHANGING EFFECTS FOR GAMING!

Light The Way Home

STARFISH Smart bulbs have also been used in wedding venues for colorful dance floor lighting, DJ booth lighting, and up-lighting! There are so many interesting ways to arrange STARFISH Smart lights.

FUNCTIONAL

Commercial Lighting Solutions

SATCO offers an end-to-end lighting solution for today's commercial and industrial spaces with products that include superior LED fixtures and high efficiency lamps built to effectively and efficiently illuminate with both quality and maintenance satisfaction.

SATCO is here to help! We can provide assistance with lighting layouts and offer tools such as our ROI utility rebates calculator to help economize projects. All commercial/functional fixtures are either DLC or ENERGY STAR certified.

Advanced features in our functional luminaries may include:

- Flicker Free drivers to reduce eye strain/fatigue
- CCT & Wattage Selectable features
- Integrated & Add On EM, PIR and MW Sensors
- Optional add-ons that meet NFPA Life Safety Codes
- Hi lumen and connectable options
- Adjustable features for fast and easy installation
- Multiple accessories for post install adjustment
- Broad wattage ranges, from 15W to 300W
- Multiple mounting options
- Accent, general, landscape lighting and more!

From indoors to out, offices to warehouses, malls to municipal buildings, auditoriums to arenas, SATCO|NUVO'S offering accommodates the space, budget and operating necessity.

Satco has your solutions.

NEW STATE-OF-THE-ART SOUTHEAST DISTRIBUTION CENTER

SATCO is excited to announce the newly opened state-of-the-art 100,000 sq. ft. distribution center in Miami Gardens, FL earlier this month.

The new location more than doubles the inventory capacity from their original Miami location, which has serviced the Southeast market since 1976. Bill Gildin, President of SATCO notes, “We have enjoyed continuous growth in the Southeast and Caribbean territory for more than four decades from our prior location, and we thank our loyal customers for their support. Our new facility will deliver a new level of service and product availability to this market. Satco’s commitment to product innovation and customer support will be further enhanced by the capabilities of our new Miami Gardens, Florida distribution center”.

The new distribution center also encompasses a substantial increase in office space for our local sales and support team as well as a conference center and showroom for future customer training and events. Local distributors will appreciate the facilities central proximity as the location boasts easy access to all major roadways. Alan Karen, SVP Global Sales states, “We thank our loyal and dedicated staff for all they have accomplished in making this move a reality. This is just one more step which shows SATCO’s dedication to enhancing our business and delivering on our promise of being the single resource for all lighting needs”.

**SATCO|NUVO’s distribution center is located at:
1694 NW 215th Street, Miami Gardens, FL 33056**

MOTIVATION®

MOTIVATION® IS HERE! NOW YOU CAN MERCHANDISE YOUR PRODUCTS IN MULTIPLE WAYS.

SATCO's motivation program allows you to build and create your own gridwall, tower or gondola display from one, two, or four-fixture panels.

It is well known that product placement can have a direct impact on sales. Our Motivation program has been designed to help you choose the best merchandising option to highlight the products most valuable features and to provide your customer with the opportunity to interact with products prior to purchase.

Engage customer interest, maximize product exposure, and increase profits with a complete line of showcasing displays that cover a variety of merchandising needs. Make the most out of your sales space with a SATCO Motivation display fixture today!

CONTACT YOUR SATCO SALES REP FOR MORE INFORMATION

GRIDWALL DISPLAY

GONDOLA DISPLAY

TOWER DISPLAY

SLATWALL MOUNTED MERCHANDISER

Present a number of LED assortments with matching descriptive graphics. Created for easy installation, this merchandiser was designed with a lightweight styrene backer that mounts directly to your slatwall. Easily mount an interchangeable header graphic to help advertise new product!

FEATURED PRODUCT CASE STUDY

As a leading supplier of commercial lighting, SATCO® provides excellent customer service and sales experience needed in today's market. Installing samples for our customer to demo, quality of the fixtures, and a competitive price point, were the deciding factors for the client. Illuminating a 600,000 sq. ft. facility is no easy feat, however, with sufficient tools to assist in the process, and terrific availability and shipping time, Satco is unprecedented.

CLEAN DESIGN THROUGH AN LED SOLUTION

65-797R1

LED UFO HighBay

A lighting layout tool featured on the website provided a photometric drawing, getting this project off the ground and completed quickly. The LED UFO Highbay with its 240-watt output did not only meet the requirements, it exceeded them. At the time of purchase, most of the fixtures were available with the remaining to follow in just a few weeks. Competitors were anywhere from 12 weeks to 6 months out. Installing a new LED lighting solution provided a clean design and will reduce future maintenance and repairs.

TRENDING SOLUTIONS FOR COLLECTIVE BUILDS

Multi-Family Lighting for Today

NUVO lighting, a division of SATCO, is one of the largest decorative lighting brands in America. It evolved from Satco's venerable understanding of the light source, how it sets the mood and helps creates the space.

With quality, value and style, NUVO provides beautiful, on-trend fixtures to the market at a competitive price.

Growing our business on our solid reputation for over 17 years, NUVO has one of the largest decorative fixture offerings in the lighting industry, with a vast selection of style and designs for nearly every application. This years decorative lines cover styles from mid-century modern to transitional designs and timeless classics.

NLB TRUSTED WARRANTY EVALUATION PROGRAM

SATCO | NUVO has been approved by the National Lighting Bureau's Trusted Warranty Program.

This program awards certificates to lighting and lighting component companies that meet the NLB's objective quality standards and practices for warranty administration.

The National Lighting Bureau assesses companies based on five criteria:

- Formal Warranty Process
- Warranty Language
- Length of Business/Warranty Insurance
- Technical Evaluation
- Claims Review Evaluation

In demonstrating quality and reliability across these 5 categories, companies give industry stakeholders confidence in their manufacturers warranty policy.

Mary Beth Gotti, NLB Chair stated, "We are excited SATCO|NUVO is now certified for the Trusted Warranty Evaluation Program. The TWEP is an independent validator for their warranty program."

ABOUT THE NATIONAL LIGHTING BUREAU

The National Lighting Bureau is an independent, IRS-recognized not-for-profit, educational foundation that has served as a trusted lighting-information source since 1976. The NLB is focused on Promoting Lighting Excellence™ and helping the lighting industry solve its business problems. The NLB exists to create demand for High Benefit Lighting®—efficient lighting designed to optimize human performance, health, safety, and commerce by educating and acknowledging those who make and influence decisions about lighting. The Bureau provides its services to the public free of charge, thanks to the generous funding of the organization's sponsors: professional societies, trade associations, labor unions, manufacturers, and agencies of the U.S. government.

AUSTEN

POST, HANGING AND WALL

Austen lighting series features a classic design that brings a romantic charm to the outdoors with its transitional style. An elongated metal structure is finished in a versatile matte black to coordinate with existing finishes. The rippling water glass provides glimpses of the bulb while allowing for superior illumination through the clear panels. Conveying a sense of classic style allows this collection to shine bright on your home's exterior.

STILLWELL

POST, HANGING AND WALL

A lantern-style approach to its design makes the Stillwell outdoor series a bonafide hit. The translucent, water glass obscures the bulb while still providing plenty of light to go around. Its elongated structure is finished in matte black making it quite versatile to match with existing fixtures and home exteriors. A stunning collection ideally suited to bring grace and style to your homes landscape.

JASPER

POST, HANGING AND WALL

Styled with a transitional approach, the Jasper outdoor collection features clean lines, and a structured silhouette with subtle hints of Asian-inspired influence. Finished in matte black, it will complement existing finishes and provide curb appeal to your walkway, driveway, and rich landscaping. The clear glass ensures maximum output, bringing light to even the most difficult areas to illuminate

SULLIVAN

POST, HANGING AND WALL

Sullivan combines clean lines and minimal details in one versatile design. The seeded clear glass provides subtle diffusion of light and is perfect for lighting the way into your home. The black finish works well with existing fixtures, bringing a stylish yet versatile appeal to your home's exterior.

OVERTOP LED

MATTE BLACK / SILVER SHADE

OUTDOOR - INTEGRATED LED

The fashionable, cylindrical silver metal and inner frosted shades support the LED light source of the Overtop wall lantern. Presented by an elegant single arm that extends from a broad back plate, Overtop is simplicity with a touch of glam.

SATCO SHINING STAR!

Wilfredo Lopez began his career as a product specialist with SATCO six years ago, bringing with him unparalleled experience in electrical and lighting controls. Some may call him a hero, others may call him a friend, here at SATCO we call him our go-to guru.

When asked what first drew Wilfredo to consider working at SATCO he responds, “The people. My relationship with SATCO started years ago as a customer and I always loved that SATCO was a privately-owned business, with great values.” He says, “From legacy HID lamps to smart devices, there is always something new to learn and I appreciate that as well as all the support available from the Product Managers, and their teams.”

Wilfredo is a person who goes above and beyond to help customers. He goes out of his way to find solutions. Wearing many hats, Wilfredo handles quality control, technical support, customer service and, on occasion, has been known to pose as a model for some of our marketing needs!

WE ARE LIGHTING.

A SINGLE AND TOTAL RESOURCE.

Finding the quality, wide selection and company that makes it easy to do business is what being a total resource is all about.

Whatever your space, industry or business, if it needs lights, we have the solution.
