

After successfully hosting the first edition of IIoT conference 2017

ISA Pune Section Presents
One Day Conference on

Industrial IoT Digitalization of Manufacturing through Industry 4.0

24 Nov 2018

Hotel Sheraton Grand

Raja Bahadur Mill Rd, Sangamvadi, Pune.

9:00 am - 6:00 pm

Currently majority of industries in India are at initial stages of Industry 4.0 / Smart Manufacturing awareness. Everyone might read and hear a lot about it, but don't know how this new technology is applicable for the business. This conference will showcase this critical need of demystifying Industry 4.0!

Topics / Areas

- Industry 4.0 business perspective
- Application areas
- Industry 4.0 in Process Industries
- Technology and products landscape
- Industry 4.0 adoption – roadmap, challenges, ecosystem
- Learn from the early adopters - Case studies

Who should Attend

- CxOs of manufacturing industries
- IIoT product developers, solution providers
- Manufacturing Excellence professionals
- IACS professionals
- System integrators
