PERFIN ILLUSTRATIONS

Mr V.J.Van Lint tells us that he is considering the production of a set of illustrations of G.B. Perfins. This work which will show over 6,000 different types will occupy approximately 110 pages, without text, and will sell in the U.S.A for about \$5.50. He is, however, prepared to offer it to us at a lower price providing we get together and order a large set of books in one go. This would enable him to save on shipping costs and offer the publication at around \$3.00.

A publication of this nature should prove a great boon to the collector of G.B. perfins as it will make the exchange of information so much easier.

It would be of great assistance to Mr Van-Lint in making his decision on whether to start on such a project if he could have some idea of the numbers interested. Similarly, he would like to receive the British viewpoint on layout etc. Perhaps anyone interested would write to the Secretary who will gather together all suggestions and pass them on.

BANK & INSURANCE COMPANY PERFINS

Due to pressure of other work Mr Nelson has been unable to prepare any more material for publication under this heading, a situation which it appears will continue for some months. We are sorry to have to discontinue such an excellent work and we look forward to the time when Mr Nelson is able to submit some more notes.

CORRECTION

Mr Eades has pointed out two errors in the 'Additions to Perfin Lists' contained in the last issue, they are;

- i. J & I BATTER & Co should be ...BATTEN & Co.
- ii. LLOYD ATHREE... should be ...ATTREE

OFFICIAL PERFIN ALBUM

The latest news of Mr V.J.Van Lint is that he has now produced an 80 page album with spaces for more than 1300 Official perfins of various countries. True size reproductions are given on the appropriate pages which are 8½" x 11" and punched for a three ring binder. The cost of this album is \$3.00.

RAILWAY PERFINs

The following three types have been submitted by Mr Young. The first of these was definitely used by the SOUTH EASTERN AND CHATHAM RAILWAY, and it is suggested that both the other dies also belonged to the same Company, since the two final letters, in each case, suggest that they were the initial letters of railway stations. Namely, BRICKLAYERS ARMS and BLACK FRIARS.
