(Affiliated to the B.P.A.)

NEWS-SHEET

No. 122 January/February 1970

Subscription 10/- per annum.

NEW MEMBER

We are pleased to welcome another new member into the Society  
Mr I.R. Rutherford 58, Gilbert Street, New Plymouth,  
North Island, New Zealand.

CHANGE OF ADDRESS

Mr E.D. Regad 8201, 16th Street, Apt 519, Silver Spring,  
Maryland 20910, U.S.A.

SOCIETY'S FUTURE

Due to two unrelated events a situation has arisen which puts the future of the Society in jeopardy.

Firstly, John Nelson has asked to be relieved of his position as Treasurer for health and business reasons. He is prepared to carry on until a successor is found but he feels that he cannot do so for more than a few months.

The second factor contributing to this crisis concerns myself as Secretary/Editor. Members will have noted that the issuing of bulletins has become more erratic and that their letters no longer produce very prompt replies, indicating that I am finding it increasingly difficult to cope.

A recent change of job has considerably curtailed my spare time, and despite the assistance of Mrs Turnock, Miss Thornton and Basil Tomkins, the publication of the bulletin and the secretarial work takes all of the time that I have to devote to perfin. It is months now since I viewed my own collection let alone worked on it. In fact, the task which was once pleasurable has now become a chore and some of the work must be off loaded.

As the situation now stands there are really only two alternatives open to us,

- a) to enlist more help from within the Society.
- b) to wind up the Society.

The second of these alternatives would be a dreadful step to have to take and we earnestly, solicit help from within the membership. I am willing to continue to devote some time to the Society but preferably not as the Bulletin Editor.

Would anyone who feels able to help please let us know as soon as possible. Providing some help is forthcoming there is

possibly a third alternative, and this is to have the bulletin produced by outside sources. The subscription would have to be raised, of course, (probably doubled) and the viability of this proposition would depend on the number of members who are prepared to pay the increased amount.

So that we may consider the third alternative would members let us know whether such an increase would be acceptable to them?

THIS ISSUE

For the reasons mentioned above the January issue became so delayed that we decided to make this issue a combined January/February one.

Contents:     Two pages of general interest.  
                  Pages 24 & 24a of the Officials Catalogue.  
                  Pages 82 & 83 of the Simplified Catalogue.  
                  Pages T2 & T3 of the Identities Catalogue.

MR JENNING'S BOOK

Those members who were 'late' subscribers to this publication will receive a few more pages with this bulletin.

Whatever happens these members can rest assured that the outstanding pages will reach them eventually. Perhaps not as quickly as we had hoped but certainly within the next few months.

2.3. DENMARK
