

FIELD OPERATIONS CONTRACTOR OPPORTUNITY

Posted: March 29, 2024

WHO WE ARE

Organic Connects, Inc. is a 501(c)(3) organization, which collaborates with Northeast Ohio Region's anchor institutions and grassroots organizations to create and produce effective, sustainable, and healing programming. We incorporate cultural history into our outdoorsy and STEAM-based programming by reframing incomplete historical narratives and reconnecting individuals and communities to the outdoor, environmental movement based on the pillars of holistic health, environmental justice, and community sustainability. Our real-world practical programming addresses and mitigates those social barriers (and individual challenges) to equitable workforce training and employment, with a primary goal of preparing the world's future green leaders for the environmental-sensitive workforce.

MISSION

The preferred, aspirational candidate will assist with the development and deployment of the logistical and multimedia components of our outdoor, STEAM-related, interdisciplinary, and activity-oriented brands. The candidate will operate as a hybrid special event producer and assistant showrunner.

NON-NEGOTIABLE QUALIFICATIONS (in no particular order):

- Have a sociopreneurial spirit and mind-set of creative, out-of-the-box, solutions-oriented approaches to projected and unexpected, real-time challenges and situations.
- Willing to provide and receive candid and blunt criticism.
- Communicate clearly and comprehensively.
- Fluid in handling simultaneous project tasks.
- Developed functional film/television pre-production, production, and post-production skill-sets.
- Comfortable and symbiotic with outdoor activities and environments.
- Demonstrate personal motivation and operate independently, while enriching a team culture.
- Passionate about serving youth and the community.

COMPENSATION

Dependent on performance, a negotiable combination of cash, commission, and equity. This is a non-full-time, task-dependent, 1099-contractor position.
