

We love Nellie! Our daughter has spent the past three years under Nellie's care, both with Nellie as her preschool teacher, and during the summer for the a special "Nellie Camp". Nellie could not be a more trustworthy, caring, warm and loving caretaker. She has always made our daughter feel so safe and loved, and greatly helped us as nervous parents leave our child for the first time. Nellie is so easy to communicate with, very honest and open, and her love for children shines. She is also a fantastic educator, guiding children in a gentle way, but at the same time paying close attention to their development and encouraging them to expand and grow. Nellie has years of experience with Montessori and other educational philosophies, which is clear in both the way she teaches and how she creates a nurturing community for children. Nellie proved to us that our daughter could do much more than we realized, and helped our daughter grow the social, emotional and educational skills she needs to thrive as she moves on to kindergarten. Nellie helped create memories for our family that will last a lifetime. I trust Nellie 100%, and have been so lucky to have our daughter in her care.
