

It is our pleasure to recommend Nellie as a wonderful teacher and caregiver. We got to know Nellie about four years ago, when our first child began at Cedar Creek Montessori and now with our second child. We can't imagine Cedar Creek without Nellie, but we're happy for her new adventure.

Nellie is amazing! She is a very loving, genuine, patient and hardworking person. She brings a warm confidence to the classroom and lots of fun ideas to inspire the kids.

We love how much pride Nellie takes in the children and their growth. She has given us the great gift of calm, knowing that every day our young children are in the best of care, learning, playing and exploring the world around them. Nellie always knows when the kids need an extra snuggle or little more guidance.

She is a great communicator and makes helpful suggestions in a respectful way. We have found Nellie's approach to be very insightful as she spends lots of time with kids and makes great observations.

Nellie is one of a kind! We trust her fully and highly recommend her.
