(5 way) Adenovirus Type 1 (Hepatitis) , Adenovirus type 2 (Respiratory Disease), Parainfluenza, Parvovirus, and Coronavirus. Distemper, Adenovirus, Parainfluenza, and parvovirus are modified live versions of the virus. We worm with Panacur for 3 days in a row when puppy are 4,6,8 weeks old or as needed.

### **Richert's Frenchie Connection One Year Guarantee Terms:**

All of our puppies are guaranteed for one year from the date of birth. If a licensed veterinarian finds the puppy to be in poor health within 48 hours after the buyer has taken possession, We promise to refund the purchase price upon the return of the puppy. We are not responsible for any expenses you may incur, and a refund will only be honored with a receipt of the report from a licensed veterinarian. Our puppies come with a one year health guarantee- as long as they are kept up to date on vaccinations and worming. Please keep your receipts so you can prove you have been giving them the vaccinations, worming, and boosters current by a licensed veterinarian . If receipts can not be provided, this contract will be voided and no replacement puppy will be provided. Your puppy is guaranteed to be free from life threatening congenital defects for one year from the date of birth. This does not include Cherry Eye, Coccidia, Giardia, Ears or Hearing, Hernias on puppy, Demodectic mange or any skin or joint problems that may occur. If you find your puppy has life threatening congenital defects, you may return it to us at your expense accompanied by a written statement from a licensed veterinarian, and we will provide you a new

puppy from the next litter. We are not responsible for any of your veterinarian bills. Your puppy is current on its vaccinations and worming. Please take the shot records we send you to your veterinarian. It is important you keep the vaccinations, worming, and boosters current. We strongly recommend your puppy be spayed or neutered if it is purchased as a pet. It is your responsibility to take good care of your puppy and provide it with adequate food, water, shelter, and veterinarian care. The seller agrees to take back this Puppy for any reason, for the life of the dog, without refund.
