

AN ORDINANCE

ACCEPTING AND ADOPTING THE PROVISIONS OF
TITLE 28 OF THE 1925 REVISED CIVIL STATUTES
OF TEXAS, AS AMENDED, RELATING TO CITIES
AND TOWNS IN LIEU OF THE EXISTING CHARTER
OF THE CITY OF CAMP WOOD, TEXAS.

* * *

WHEREAS, the City Council of the City of Camp Wood, Texas, affirmatively finds that the said City of Camp Wood was duly and legally incorporated under the general laws of the State of Texas on the 22nd day of September, 1936, as a city containing Six Hundred (600) inhabitants or over; and

WHEREAS, the City Council of the City of Camp Wood, Texas, affirmatively finds that since the date of incorporation the said City of Camp Wood has not accepted and adopted the provisions of Title 28 of the 1925 Revised Civil Statutes of Texas, as amended, as authorized and prescribed in Article 961 of said Revised Civil Statutes 1925, but said city, through its governing body and officers, has asserted and exercised jurisdiction, management, and control as such a city over the territory within its corporate limits and the inhabitants thereof; and

WHEREAS, it affirmatively appears that there are now over Six Hundred (600) inhabitants residing within the corporate limits of the City of Camp Wood, Texas, and that at all times since the incorporation of said city over Six Hundred (600) inhabitants have resided within said city; and

WHEREAS, it is considered by this City Council to be to the best interest and advantage of the City of Camp Wood and to the inhabitants thereof to formally accept and adopt the provisions of Title 28, Revised Civil Statutes of the State of Texas, 1925, as amended, as authorized and prescribed by Article 961 of the 1925 Revised Civil Statutes;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF
CAMP WOOD, TEXAS:

Introduction

The purpose of this study is to investigate the effects of various factors on the performance of the system. The study is divided into two main parts: a theoretical analysis and an experimental investigation.

The theoretical part of the study is concerned with the development of a mathematical model that describes the behavior of the system under different conditions. This model is then used to predict the performance of the system for various input parameters.

The experimental part of the study is concerned with the verification of the theoretical model. This is done by conducting a series of experiments in which the performance of the system is measured for different values of the input parameters. The results of these experiments are then compared with the predictions of the theoretical model.

The results of the study show that the theoretical model is able to predict the performance of the system with a high degree of accuracy. This suggests that the model is a good representation of the system and can be used to optimize its performance.

The study also shows that there are several factors that can affect the performance of the system. These factors include the input parameters, the system configuration, and the operating conditions. It is important to understand these factors in order to optimize the system's performance.

The study concludes that the theoretical model is a useful tool for predicting the performance of the system. It also shows that there are several factors that can affect the performance of the system and that it is important to understand these factors in order to optimize the system's performance.

The study also shows that there are several factors that can affect the performance of the system. These factors include the input parameters, the system configuration, and the operating conditions. It is important to understand these factors in order to optimize the system's performance.

The study concludes that the theoretical model is a useful tool for predicting the performance of the system. It also shows that there are several factors that can affect the performance of the system and that it is important to understand these factors in order to optimize the system's performance.

The study also shows that there are several factors that can affect the performance of the system. These factors include the input parameters, the system configuration, and the operating conditions. It is important to understand these factors in order to optimize the system's performance.

Camp Wood, Texas, and duly approved by its Mayor at a regular meeting held on the 6th day of May, 1947, at the regular meeting place in the City Hall of the City of Camp Wood, Texas, all members of said City Council present and participating, and that the same appears of record in Book 2, Page 23, et seq., of the Minutes of said City Council; and that I am the lawful possessor and custodian of such books and records of the City of Camp Wood, Texas.

WITNESS MY HAND AND SEAL OF OFFICE, this, the 6th day of May, 1947.

Russell Stockman
City Secretary, City of Camp Wood, Texas

(SEAL OF CITY)

STATE OF TEXAS |

COUNTY OF REAL |

Before me, the undersigned, a Notary Public in and for Real County, Texas, on this day personally appeared L. J. Dean, Mayor, and Russell Stockman, Secretary, of the City of Camp Wood, Real County, Texas, known to me to be the persons and officers whose names are subscribed to the foregoing instrument and acknowledged to me that the same was the act of the said City of Camp Wood, a municipal corporation of the State of Texas, and that they executed the same as the act of such City of Camp Wood for the purposes and consideration therein expressed and in the capacities therein stated.

Given under my hand and seal of office, this the 8th day of May, 1947.

[Signature]
Notary Public in and for Real County, Texas.

THE STATE OF TEXAS |

COUNTY OF REAL |

I, Lucille Bendele, County Clerk of said County, do hereby certify that the foregoing instrument of writing with its certificate of authentication was filed for record in my office, on the 14 day of May A. D. 1947 at 10 o'clock A. M., and duly recorded on the 14 day of May A. D. 1947 at 11:30 o'clock A. M., in the records of Deeds of said County, in book volume 19 on page 454-455-456.

In testimony whereof, witness my hand and official seal of office, this 14 day of May A. D. 1947.

Lucille Bendele
County Clerk, Real County, Texas.

By _____, Deputy

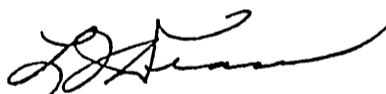

I.

That the City of Camp Wood, Texas, acting by and through its governing body, the City Council, does hereby accept and adopt the provisions of Title 28 of the 1925 Revised Civil Statutes of Texas, as amended, relating to cities and towns, in lieu of the existing charter of the City of Camp Wood, Texas, as authorized and prescribed in Article 961 of the said 1925 Revised Civil Statutes of Texas.

II.

That this Ordinance shall be duly entered and recorded upon the journal of proceedings of this City Council, and a copy of this Ordinance shall be duly signed by the Mayor and attested by the City Secretary under the corporate seal of the City of Camp Wood, Texas, and filed and recorded in the Office of the County Clerk of Real County, Texas, as required by said Article 961, Revised Civil Statutes 1925.

PASSED AND APPROVED this 6th day of May, 1947.

Mayor, City of Camp Wood, Texas.

ATTEST:

Russell Stockman
Secretary, City of Camp Wood,
Texas.

(SEAL OF CITY)

STATE OF TEXAS |
COUNTY OF REAL |
CITY OF CAMP WOOD |

I, Russell Stockman, City Secretary in and for the City of Camp Wood, Texas, DO HEREBY CERTIFY that the above and foregoing is a full, true and correct copy of an ORDINANCE ACCEPTING AND ADOPTING THE PROVISIONS OF TITLE 28 OF THE 1925 REVISED CIVIL STATUTES OF TEXAS, AS AMENDED, RELATING TO CITIES AND TOWNS IN LIEU OF THE EXISTING CHARTER OF THE CITY OF CAMP WOOD, TEXAS, and the excerpts of the meeting pertaining thereto, at which same was passed, and that said Ordinance was duly and legally passed and adopted by the unanimous vote of the City Council of the City of
