

Guide: Renewing your K Velo membership

We process membership online using British Cycling's membership tool to reduce admin time and paper. K Velo membership runs annually, therefore all club members are required to renew their membership by 31st January each year. If you join the club after 1st October, your membership will be valid for the following year.

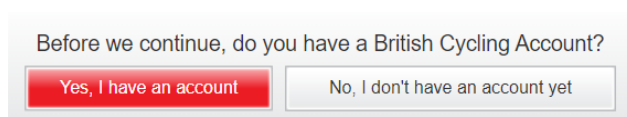

This guide will take you through the process of buying or renewing K Velo membership and setting up a free BC account. **You must have third party liability insurance to be a member of K Velo – please visit our website for guidance (<https://www.kvelo.co.uk/downloads>).**

Please note: you do **not** need to be a paid British Cycling member in order to buy or renew membership – you can set up a free account. **If you are applying for spouse/partner membership, you will need to create two separate BC accounts: one for the full paid member and another for the partner.**

1. Visit <https://www.britishcycling.org.uk/club/profile/6870/knottingley-velo>, scroll down the page and select 'Buy club membership'

2. Select the type of membership you wish to buy. Please read the descriptions or contact a member of the committee if you're unsure which type applies to you. You'll then be asked whether you have a BC account.

If you are a member of British Cycling, please select 'Yes, I have an account' and enter your membership number and password when prompted. **Please note:** your membership number can be found at the top of any email received from British Cycling, so please check your inbox.

If you are **not** a member of British Cycling, please select 'No, I don't have an account yet' and enter your contact details when prompted:
