

Express Blower® Truck

you're covered

Efficient and clean installation of your landscape materials

Our premium quality recycled mulch and compost products are organic, locally sourced, and made in-house.

Our Express Blower Truck installs efficiently with no heavy equipment in any weather, leaving your space clean and ready to use.

Our service is ideal for commercial businesses, public parks, utilities/municipalities, homeowner/condo associations, builder-landscape contractors, or custom applications.

WHO WE ARE

Renewed Outdoors, LLC is a locally owned and operated company based in Perrysburg, Ohio. We make environmentally friendly products from locally sourced and recycled yard waste. Our sustainably produced organic mulch and compost products are of the highest quality and perfect for any size installation.

We can professionally spread products up to 500 feet from the Express Blower Truck, creating a cost-effective and clean method for installation on time-sensitive projects.

RENEWED Express Blower® Truck

Express Blower Trucks make quick work of your mulching needs with no damage to your existing landscape. Our Express Blower is a top of the line truck that utilizes strong air pressure to spread materials on the installation area with a flexible hose.

ADVANTAGE OF USING OUR EXPRESS BLOWER TRUCK

- Labor Reduction
- Time Savings
- Clean Professional Finish
- Cost Effective
- Increased Project Efficiency
- No heavy equipment to cause ground damage

The next time you need a project completed with precision and ease—choose the Express Blower method.
