## ARTICLE 2

## PROPERTIES SUBJECT TO THIS DECLARATION

2.1 Initial Properties Subject to Restrictions. The Property which is and shall be held, transferred, sold, conveyed and occupied subject to these Restrictions is located in the City of Franklin, Tennessee and is more particularly described and shown on Exhibit "A". All of the real Property shown on Exhibit "A" and designated as Rogersshire, shall be submitted to these Restrictions.

2.2 Additional Sections. Without further assent or permit, Developer and any Successor Developer hereby reserve the right, exercisable from time to time but not later than five (5) years after the date hereof, or the date of any Supplementary Declaration hereto, to subject all or part of other, contiguous real property to the Restrictions set forth herein, in one or more Additional Sections, in order to extend the scheme of the Restrictions to such property to be developed as part of the Subdivision and thereby to bring such additional contiguous Properties within the jurisdiction of the Association.

2.3 Supplementary Declarations. The additions herein authorized shall be made by filing of record one or more Supplementary Declarations in respect to the creation of Additional Sections or the addition of other Properties to be then subject to the Restrictions and which shall extend the jurisdiction of the Association to such property and thereby subject such addition to assessment for its just share of the Association's expenses and shall also require the filing of such additional plats as are required for such sections, in the Register's Office for Williamson County, Tennessee.

2.4 Consent to Rezoning. Every Owner shall be deemed to have consented to any rezoning of the Subdivision that may be necessary to the development of such Property. Owners of any Lots in the additional property shall succeed to all of the rights and obligations of membership in the Association.

2.5 Extension of Development Rights to Adjacent Property. The Developer and any Successor Developer shall have the rights described in this Article 2, exercisable without approval of the Association or any other person or entity. The Developer or such Successor Developer shall have the voting rights as specified hereinafter with respect to any added Lots, subject to the original limitations as to duration of weighted voting.

2.6 Construction Sections. The Developer may submit more unimproved property than is immediately anticipated to be used or improved to the terms and conditions of these Restrictions, in order to insure and demonstrate its intentions with respect to such property and to assure that such property will be developed subject to the covenants and restrictions contained in the Restrictions and such land shall initially constitute one Lot. No additional "Lots" shall be deemed to have been created on such property until such time as the final plat approving such construction section has been

recorded in the Register's Office for Williamson County, Tennessee. At such time as the final plat is recorded, all Lots depicted thereon, and Common Areas shown thereon, shall be owned and used in accordance with the terms of the Restrictions. Each such Lot shall then be responsible for its pro rata share of the expenses of the Association and shall each be entitled to the benefits of ownership set forth herein.

2.7 Association Rights. The Association may not assert any objection to the new development plan including without limitation the fact that existing Association facilities will be additionally burdened by the property to be added by the new development or that the type of home or size of Lot in any future construction differs from that of the initial construction of Rogersshire. It is acknowledged that the Developer intends for there to be construction of a wide variety of homes in terms of style, size and prices within Rogersshire. The Developer reserves the right to modify any preliminary plan to reconfigure Lots, create additional amenities areas or Common Areas, prior to the sale of any Lot in an additional Construction Section and thereafter within a Construction Section with the consent of the Owners of that Construction Section only.

### ARTICLE 3

#### ARCHITECTURAL, MAINTENANCE, AND USE RESTRICTIONS

3.1 Single-Family residential Construction. No building or other structure shall be erected, altered or permitted to remain on any Lot other than one (1) single-family residential dwelling not to exceed two and one-half (2½) stories in height, which may have an attached private garage for not more than three (3) cars which structures shall not exceed the main dwelling in height.

#### 3.2 Approval of Plans.

(a) No construction, reconstruction, remodeling, alteration, or addition of or to any structure, building, fence, wall, drive, or improvement of any nature shall be constructed without the Owner's first obtaining the prior written approval of the Architectural Review Committee as to the location, plans, and specifications therefor. Prior to the Transfer of Control, the Developer shall appoint the members of the Architectural Review Committee, and subsequent to the Transfer of Control the members of such Committee shall be appointed by the Board of Directors of the Association. As a prerequisite to consideration for approval, and prior to the commencement of the contemplated work, a Lot Owner shall submit to the Architectural Review Committee the following in a form suitable to the Architectural Review Committee: construction plans, improvement specifications, site plan, landscape plan, an elevation sketch of the proposed residence, and such other items as the Architectural Review Committee requests in writing. The Architectural Review Committee may require a fee for administrative costs and to cover the reasonable expenses involved in having the submittal reviewed by a professional. All plans of proposed residences to be constructed in the Subdivision shall conform to the standards set forth in subparagraph (b) below, and the Architectural Review Committee shall be the sole arbiter of such plans and may withhold its

approval for any reason, including purely aesthetic reasons. Upon written approval's being given, construction shall be started and prosecuted to completion promptly and in strict conformity with such plans, otherwise the approval shall be void. A reasonable fee may be charged by the Association to defray its costs incurred in considering such proposed plans and specifications.

(b) Residences to be constructed within the Subdivision shall be sufficiently compatible with existing architectural styles that predominate in the development to assure a pleasing overall appearance and maintain its image as a high quality, single-family, residential neighborhood. Existing structures will be considered but do not, as such, constitute precedent nor assure approval.

(c) Neither Developer, the Architectural Review Committee, the Association and the individual members thereof shall be liable for any act or omission in performing or purporting to perform the functions delegated hereunder. Approval or disapproval by the Architectural Review Committee shall not be deemed to constitute any warranty or representation by it including, without limitation: any warranty or representation as to fitness, design or adequacy of the proposed construction or compliance with applicable statutes, codes and regulations. Anything contained in this paragraph 3.2 or elsewhere in the Restrictions to the contrary notwithstanding, Developer and the Association are hereby authorized and empowered, at their sole and absolute discretion, to make and permit reasonable modifications or deviations from any of the requirements of the Restrictions relating to the type, kind, quantity or quality of the building materials to be used in the construction of any building or improvement on any Lot and of the size and location of any such building or improvement when, in their sole and final judgment, such modifications and deviations in such improvements will be in harmony with existing structures and will not materially detract from the aesthetic appearance of the Property and the improvements as a whole; provided, however, such modifications and deviations must remain within all applicable ordinances and regulations established by the City of Franklin Planning Commission, or other governmental authority having jurisdiction.

Developer or the Association, as the case may be, may require the submission to it of such documents and items, including as examples, without limitation, written requests for and description of the variances requested, plans, specifications, plot plans and samples of material(s), as either of them shall deem appropriate, in connection with its consideration of a request for a variance. If Developer or the Association shall approve such request for a variance, it shall evidence such approval, and grant its permission for such variance, only by written instrument, addressed to the Owner of the Lot(s) relative to which such variance has been requested describing the applicable restrictive covenant(s) and the particular variance requested, expressing its decision to permit the variance, describing (when applicable) the conditions on which the variance has been approved (including as examples, but without limitation, the type of alternate materials to be permitted, and alternate fence height approved or specifying the location, plans and specifications applicable to an approved outbuilding), and signed by Developer or the Association, as the case may be. Any request for a variance shall be deemed to have been disapproved for the purposes hereof in the event of either (i) written notice of disapproval from Developer or the Association or (ii) failure by Developer or the Association to respond in writing within thirty (30) days to the request for variance. In the event neither Developer nor the Association nor any successor to the authority thereof shall then be

functioning, no variances from the Restrictions herein contained shall be permitted, it being the intention of Developer that no variances be available except at its discretion or that of the Association. Neither Developer nor the Association shall have the authority to approve any variance except as expressly provided in this Restrictions.

(d) The total heated floor living area, exclusive of open porches, patio areas, decks, unfinished basements, garages and breezeways, of the residence constructed on any Lot as shown on the Plat, shall be not less than one thousand three hundred (1,300) square feet, exclusive of open porches, patio areas, decks, unfinished basements, garages and breezeways.

3.3 Structural Compliance. All structures shall be built in substantial compliance with the plans and specifications therefore, approved by the Architectural Review Committee as provided in paragraph 3.2 above.

3.4 Improvements and Setback Restrictions.

(a) No building or structure, or any part thereof, shall be located on any Lot nearer to the front line, the rear line, or any side line than the minimum building setback lines required by the City of Franklin, Tennessee and as may be shown on the recorded plans. For purposes of determining compliance with this requirement, all structures, including porches, decks, wing walls, eaves, and steps extending beyond the outside wall of a residence shall be considered as a part thereof. No encroachment upon any utility easements reserved on the Plat shall be authorized or permitted. Notwithstanding the foregoing, decks located on the rear of the building may penetrate up to ten (10) feet into the rear setback line with the approval of the Codes Department of the City of Franklin, Tennessee, or other governmental authority having jurisdiction, and the Developer or the Association.

(b) To provide for uniformity and proper utilization of the building area within the Lots, dwellings or appurtenant structures on a Lot, shall not be less than five (5) feet from the Lot line between contiguous Lot(s).

3.5 Re-subdivision of Lots. No Lot shall be re-subdivided, nor shall any building be erected or placed on any such re-subdivided Lot, unless such re-subdivision is approved by the Developer or the Association, as the case may be, as well as any governmental authority having jurisdiction. Developer, however, shall have the right, but not the obligation, to re-subdivide into Lots, by recorded plat or in any other lawful manner, all or any part of the Properties contained within the outer boundaries of the Plat, and such Lots, as re-platted, shall be subject to this Restrictions as if such Lots were originally included herein. Any such re-plat must comply with pertinent re-platting ordinances, statutes, regulations and requirements.

3.6 Walls, Fences and Hedges. As with any improvement or construction, any wall or fence to be erected or maintained nearer to the front lot line than the front building line on such Lot, or on corner Lots nearer to the side Lot line than the building setback line parallel to the side street shall require prior written approval of the Architectural Review Committee. No side or rear fence, wall or hedge shall be more than six (6) feet in height. Any wall, fence or hedge erected on a Lot shall be maintained by the Owner thereof. All fencing shall be constructed only of such materials and erected only on such Lots and in such a manner as shall be approved by the Architectural Review Committee. No fence shall be constructed or maintained between the front building or setback line and the street; provided, however, the planting of hedges, shrubbery or evergreens in lieu of a fence, and extending to the front or sides of any Lot is permitted, provided such planting shall be maintained at a height not in excess of forty-two (42) inches.

3.7 Roofing Material. The roof of any building (including any garage) shall be constructed or covered with asphalt or composition type shingles. Any other type of roofing material shall be permitted only in the sole discretion of the Architectural Review Committee upon written request.

3.8 Swimming Pools. Swimming pools shall be allowed only on Lots approved by the Developer or the Association and shall be located at the rear of the residence. All swimming pools shall be in-ground pools and have a perimeter enclosure, the plans for which, including landscaping plans, must be approved in writing by the Architectural Review Committee. Above ground pools shall not be permitted.

3.9 Storage Tanks and Refuse Disposal. No exposed above-ground tanks or receptacles shall be permitted for the storage of fuel, water, or any other substance, except for refuse produced through normal daily living and of a nature which is satisfactory for pick-up by the Department of Public Works or its equivalent. Incinerators for garbage, trash, or other refuse shall not be used or permitted to be erected or placed on any Lot. All equipment, coolers, and garbage cans shall be concealed from the view of neighboring lots, roads, streets, and open areas.

3.10 Clothes Lines. Outside clothes lines shall not be permitted.

3.11 Signs and Advertisements. No sign, advertisement, billboard or advertising structure of any kind shall be erected upon or displayed or otherwise exposed to view on any Lot or any improvement thereon without the prior written consent of the Developer or the Association; provided that this requirement shall not preclude the installation by Developer of signs identifying the entire residential development and provided further that this requirement shall not preclude the placement by Owners of "For Sale" signs in the front of individual residences of such size, character, and number as shall from time to time be approved by the Developer or the Association. The Developer or the Association shall have the right to remove any such unapproved sign, advertisement, billboard or structure that is placed on said Lots, and in doing so shall not be subject to any liability for trespass or other tort in connection therewith or arising from such removal.

3.12 Use of Temporary Structures. No structure of a temporary character, mobile home, camper, trailer, basement, tent, shack, garage, barn or other outbuilding shall be erected, moved onto any Lot and/or used at anytime as a residence, nor shall any residence of a temporary character be permitted. No structure of any kind except a dwelling house may be occupied as a residence, and the outside of any building so occupied must be completed before occupancy, including landscaping. Other structures of a permanent or semi-permanent nature may be approved from time to time in accordance with the provisions of this Article 3. Temporary structures may be used as building or sales offices and for related purposes during the construction period by the Developer and by builders and contractors approved by the Developer or its assigns.

3.13 Storage of Automobiles, Boats, Trailers and Other Vehicles. No trailers, boat trailers, travel trailers, inoperative automobiles or campers shall be semi-permanently or permanently parked or stored in the public street right-of-way or forward of the front building line. Storage of such items and vehicles must be screened from public view, either within the garage or behind a fence which screens such vehicle from public view, unless otherwise approved in writing by the Architectural Review Committee in accordance with paragraph 3.2 above. No tractor trailers, buses, or other large commercial vehicles shall be parked on driveways or in streets within the Properties for periods of time exceeding twelve (12) hours or for more than twenty-four (24) hours in any calendar week. The foregoing shall not apply to construction vehicles of the Developer or builders and contractors approved by the Developer, during the construction and sales period.

3.14 Outside Lighting. Outside lights at eaves and door entrances shall be permitted, but no exterior flashing or high-intensity lights, floodlights, or spotlights on the exterior of any building shall be permitted, except with the prior written approval of the Architectural Review Committee.

3.15 Satellite Dishes or Antennae. Unless approved by the Architectural Review Committee, no electronic antenna, satellite dish or device of any type for the receiving of radio, television or other electronic signals shall be erected, constructed, placed or permitted to remain on any Lot, house or building.

3.16 Window Units. All supplements to the central air conditioning system must be used, erected, placed or maintained to the rear of the main residential structure. No window or wall type air conditioning units shall be permitted to be seen from the street view of any Lot.

3.17 Recreational Equipment. All playground and recreational equipment other than that owned by the Association and placed on the Tot Lot must be used, erected, placed or maintained to the rear of all Lots.

3.18 Oil and Mining Operations. No oil drilling, oil development operations, oil refining, quarrying or mining operations shall be permitted on any Lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any Lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot.

3.19 Maintenance. All Lots, together with the exterior of all improvements located thereon, shall be maintained in a neat and attractive condition by their respective Owners or Occupants. Such maintenance shall include, but not be limited to, painting, repairing, replacing, and caring for roofs, gutters, downspouts, building surfaces, patios, walkways, driveways, and other exterior improvements. The Owner or Occupant of each Lot shall at all times keep all weeds and grass thereon cut in a sanitary, healthful and attractive manner and all trees and shrubbery pruned and cut. No Lot shall be used for storage of material and equipment, except for normal residential requirements or incident to construction of improvements thereon as herein permitted. The accumulation of garbage, trash or rubbish of any kind and the burning (except as permitted by law) of any such materials is prohibited. In the event of default on the part of the Owner or Occupant of any Lot in observing the above requirements or any of them, such default continuing after ten (10) days' written notice thereof, the Association may, subject to approval of its Board of Directors, enter upon said Lot, repair, maintain and restore the same, cut or prune or cause to be cut or pruned, such weeds, grass, trees and shrubbery and remove or cause to be removed, such garbage, trash and rubbish or do any other thing necessary to secure compliance with these restrictions and to place said Lot in a neat, attractive, healthful and sanitary condition. In so doing, the Association shall not be subject to any liability for trespass or otherwise. All costs incurred in any such repair, maintenance, restoration, cutting pruning or removal shall be charged against the Owner of such Lot as the personal obligation of such Owner and as a lien upon the Lot, enforceable and collectible in the same manner and to the same extent as a maintenance assessment. Any Occupant of such Lot shall be jointly and severally liable with the Owner for the payment of such costs.

The Association, subject to the approval of the Board of Directors, shall contract with one (1) or more landscaping services to provide grass cutting lawn maintenance, proper care for all trees, shrubbery and other landscaping, and other necessary maintenance services for the Common Areas, provision for which shall be made in the initial capitalization fees or in the monthly fees and assessments.

3.20 Damage, Destruction or Maintenance. In the event of damage or destruction to any structure located on the Properties, the respective Owner thereof agrees as follows:

(a) In the event of total destruction, the Owner shall promptly clear the Lot of debris and leave the same in a neat and orderly condition. Within 60 days of any insurance settlement, the Owner must commence to rebuild and reconstruct the structure. Any such rebuilding and reconstruction shall be accomplished in conformity with the plans and specifications of the original structure so destroyed, subject to any changes or modifications as approved by the Architectural Review Committee, in accordance with Article 3 hereof.

(b) In the case of partial damage or destruction, the Owner shall, as promptly as an insurance adjustment may be made, cause the damage or destruction to be repaired and restored in a first class condition in accordance with the plans and specifications of the original structure and in conformity with its original exterior painting and decor. Any change or alteration must be approved by the Architectural Review Committee, as the case may be, in accordance with Article 3 hereof. In

no event shall any damaged structure be left unrepaired and unrestored for in excess of sixty (60) days, from the date of the insurance adjustment.

(c) If the correction of a maintenance or repair problem incurred on one Lot necessitates construction work or access on another Lot, both Owners shall have an easement on the property of the other for the purpose of this construction. Each party shall contribute to the cost of restoration thereof equally, unless such damage was caused by the fault of an Owner, in which event the Owners shall allocate the cost of restoration in proportion to the relative fault of the parties.

3.21 Use of Premises. Each Lot shown on the Plat shall be used only for private, single-family residential purposes and not otherwise. Notwithstanding the foregoing, Developer may maintain, as long as it owns property in or upon such portion of the Properties as Developer may determine, such facilities as in its sole discretion may be necessary or convenient, including, but without limitation, construction or sales trailers, offices, storage areas, model units and signs, and Developer may use, and permit builders (who are at the relevant time building and selling houses in the development) to use residential structures, garages, construction or sales trailers or accessory buildings for sales offices and display purposes, but all rights of Developer and of any builder acting with Developer's permission under this sentence, shall be operative and effective only during the construction and sales period within the area, and this provision may not be amended, altered or repaired without the prior consent of the Developer.

3.22 Animals and Pets. No animals, livestock, or poultry of any kind shall be raised, bred, pastured, or maintained on any Lot, except household pets such as small dogs and cats which may be kept thereon in reasonable numbers as pets for the sole pleasure of the Owner or Occupant, but not for any commercial use or purpose.

3.23 Nuisances and Unsightly Materials. No house or other structure on any Lot shall be used for any business or commercial purpose. Each Owner or Occupant shall refrain from any act or use of his Lot which could reasonably cause embarrassment, discomfort, annoyance, or nuisance to others. No noxious, offensive, or illegal activity shall be carried on upon any Lot. No motorcycle, motorbike, motor scooter, or any other unlicensed motorized vehicle shall be permitted to be operated on or in the Common Areas. No Lot shall be used, in whole or in part, for the storage of rubbish of any character whatsoever; nor shall any substance, thing, or material be kept upon any Lot which will emit foul or noxious odors or which will cause any noise that will or might disturb the peace and quiet of the Owners or Occupants of surrounding Lots or property. The foregoing shall not be construed to prohibit the temporary deposits of trash and other debris for pick-up by garbage and trash removal service units.

3.24 Hobbies and Activities. The pursuit of any inherently dangerous activity or hobby, including, without limitation, the assembly and disassembly of motor vehicles or other mechanical devices, the shooting of firearms, fireworks, or pyrotechnic devices of any type or size, and other such activities shall not be pursued or undertaken on any part of any Lot or upon the Common Areas without the consent of the Developer or the Association, as the case may be.

3.25 Visual Obstruction at the Intersection of Public Streets. No object or thing which obstructs sight lines at elevations between two (2) feet and six (6) feet above the surface of the streets shall be placed, planted or permitted to remain on any corner Lot within the triangular area formed by the curb lines of the streets involved and a line running from curb line to curb line at points twenty-five (25) feet from the junction of the street curb lines. The same limitations shall apply on any Lot within ten (10) feet from the intersection of a street property line with the edge of a driveway.

3.26 Governmental Restrictions. Each Owner shall observe all governmental building codes, health regulations, zoning restrictions, and other regulations applicable to his Lot. In the event of any conflict between any provision of any such governmental code, regulation or restriction and any provisions of this Restrictions, the more restrictive provision shall apply.

3.27 Roads. It shall be obligatory upon all owners of the Lots in this subdivision to consult with the appropriate governmental authority for the City of Franklin, Tennessee ("Governmental Authority") before any driveways, culverts, other structures or grading are constructed within the limits of any dedicated roadway, and such placement or construction shall be done in accordance with the requirements of the Governmental Authority applying to the roads within the subdivision in order that the roads or streets within the subdivision which would be affected by such placement or construction may not be disqualified for acceptance by Governmental Authority into the public road system.

3.28 Easement of Roads. The right is expressly reserved to the Developer, its representatives, heirs, successors and assigns, to construct all streets, roads, alleys, or other public ways as now, or hereafter may be, shown on the Plat(s), at such grades or elevation as it, in its sole discretion, may deem proper; and, for the purpose of constructing such streets, roads, alleys or public ways, Developer additionally, shall have an easement, not exceeding (20) feet in width, upon and along any Lot which is included within or adjoins such streets, roads, alleys or public ways, for the construction of proper bank slopes in accordance with the specifications of the government body or agency having jurisdiction over the construction of public roads; and no Owner of any Lot shall have any right of action or claim for damages against anyone on account of the grade of elevation at which such road, street, alley or public way may hereafter by constructed, or on account of the bank slopes constructed within the limits of the said ten (20) foot easement or on account of the taking of property necessary for such construction.

##### ASSOCIATION MEMBERSHIP AND VOTING RIGHTS

4.1 Membership. Every person or entity who is the Owner of record of a fee interest in any Lot shall be a Member of the Association, subject to and bound by these Restrictions and the Association's Articles of Incorporation, the By-Laws of the Association and such rules and regulations as may be adopted by the Association. When any Lot is owned of record in joint tenancy,

tenancy in common, tenancy by the entirety, or by some other legal entity, the membership as to such Lot shall be joint and the rights of such membership (including the voting power arising therefrom) shall be exercised only as stipulated in Section 4.2 below.

4.2 Voting and Voting Rights. The voting rights of the membership shall be appurtenant to the ownership of the Lot. Each Lot shall be entitled to one (1) vote; provided that Developer shall be entitled, for each Lot that it owns, to four (4) votes until the Transfer of Control as defined herein, after which time Developer shall have only one (1) vote for each Lot that it owns. The vote for such Lot shall be exercised by one (1) of such persons as proxy or nominee for all persons holding an interest as Owners in the Lot and such vote shall be binding upon the other persons holding an interest in the Lot. In no event shall more than one (1) vote be cast with respect to any Lot, except as provided above with respect to Developer.

4.3 Method of Voting. Members shall vote in person or by proxy executed in writing by the member. No proxy shall be valid after evidence of its withdrawal suitable to the Board of Directors of the Association or after eleven (11) months from the date of its execution or upon conveyance by the Member of his Lot. No proxy shall be valid unless promulgated by the Board of Directors as an official proxy prior to or at the time of the meeting. A corporate Member's vote shall be cast by the President of the Member corporation or by any other officer or proxy appointed by the President or designated by the board of directors of such corporation. Voting on all matters except the election of Directors shall be by voice vote or by show of hands unless a majority of the percentage values of those votes entitled to be cast by the Members present at the meeting shall, prior to voting on any matters, vote to demand a ballot vote on that particular matter. Where Directors or Officers are to be elected by the Members, the official solicitation of proxies for such elections may be conducted by mail.

4.4 First Meeting of Members. The first regular annual meeting of the Members may be held, subject to the terms hereof, on any date, at the option of the Board of Directors; provided, however, that the first meeting may (if necessary to comply with Federal Regulations) be held no later than the earlier of the following events: (a) four months after all of the Lots have been sold by the Developer; or (b) three years following conveyance of the first Lot by the Developer.

4.5 Acceptance of Development. By the acceptance of a deed to a Lot, any purchaser of a Lot shall be deemed to have accepted and approved the entire plans for the Rogersshire Subdivision development, and all improvements constructed by that date, including without limitation, the utilities, drains, roads, sewers, landscaping, Common Area amenities, and all other improvements as designated on the Plat, and as many be supplemented by additional plats upon completion of development of any portion of the balance of The Subdivision. Such purchaser agrees that all improvements constructed after the date of purchase consistently with such plans, and of the same quality of then existing improvements, shall be accepted. Security may be provided at the Developer's discretion, and no Owner shall have any cause of action for failure to provide adequate security.

## ARTICLE 5

## COMMON AREA PROPERTY RIGHTS AND MAINTENANCE ASSESSMENTS

5.1 Common Areas. Each Owner shall have a non-exclusive right and easement of enjoyment in and to the Common Areas which shall be appurtenant to and shall pass with the title to each Lot as designated upon the Plat(s), subject only to the provisions of this Restrictions and the Articles of Incorporation, By-Laws, and rules and regulations of the Association, including, but not limited to, the following:

(a) The right of the Association to limit the use of the Common Areas to Owners or Occupants of Lots, their families and their guests;

(b) The right of the Association to suspend voting privileges and rights of use of the Common Areas for any Owner whose assessment against his Lot becomes delinquent; and

(c) The right of the Association to dedicate or transfer all or any part of the Common Areas to any public agency, authority, or utility for such purposes and subject to such conditions as may be agreed upon by the Members; provided that no such dedication or transfer shall be effective after the Transfer of Control unless the Members entitled to cast at least three-fourths (3/4) of the votes agree to such dedication or transfer and signify their agreement by a signed and recorded written document; and provided further that this paragraph shall not preclude the Board of Directors of the Association from granting easements for the installation and maintenance of electrical, telephone, cablevision, water and sewerage, utilities, and drainage facilities upon, over, under, and across the Common Areas without the assent of the membership when such easements are requisite for the convenient use and enjoyment of the Properties.

5.2 Assessment for Maintenance of Common Areas. For each Lot owned within the development, every Owner covenants and agrees, and each subsequent Owner of any such Lot, by acceptance of a deed therefor, shall be deemed to covenant and agree, to pay to the Association monthly or annual assessments or charges for the creation and continuation of a maintenance fund in amounts to be established from time to time by the Board of Directors of the Association in order to maintain, repair, landscape, and beautify the Common Areas, to promote the health, safety, and welfare of the residents of the community, to pay taxes, if any, assessed against the Common areas, to procure and maintain insurance thereon, to employ attorneys, accountants, and security personnel, and to provide such other services as are not readily available from governmental authorities having jurisdiction over the same. In addition, the Owner of each Lot and each subsequent Owner thereof, by acceptance of his deed, covenants and agrees to pay special assessments as approved by the membership in the manner hereinafter provided. Notwithstanding the foregoing, no assessment shall be levied with respect to a Lot that has not been improved by a completed and occupied residence for a period of eighteen (18) months after such Lot is initially subjected to these Restrictions.

5.3 Creation of Lien and Personal Obligation of Assessments. In order to secure payment of assessments, both monthly or annual and special, as the same become due, there shall arise a continuing lien and charge against each Lot, the amount of which shall include interest at the maximum effective rate allowed by law, costs, and reasonable attorney's fees to the extent permissible by law. Each such assessment, together with such interest costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of the Lot at the time the assessment became due; provided that this personal obligation shall not pass to successors in title unless expressly assumed by them. The lien provided for herein, however, shall be subordinate to the lien of any first deed of trust (sometimes hereinafter called "mortgage") on any Lot if, but only if, all such assessments made with respect to such Lot having a due date on or prior to the date such first mortgage is filed of record, have been paid. The lien and permanent charge hereby subordinated is only such lien and charge as relates to assessments authorized hereunder having a due date subsequent to the date such first mortgage is filed of record and prior to the satisfaction, cancellation, or foreclosure of the same, or the transfer of the mortgaged property in lieu of foreclosure. The sale or transfer of any Lot shall not affect any assessment lien. The sale or transfer of any Lot that is subject to any first mortgage, pursuant to a foreclosure thereof or under power of sale or any proceeding in lieu of foreclosure thereof, shall extinguish the lien of such assessment, but not the personal obligation of any former title holder, as to payments that became due prior to such sale or transfer and subsequent to the recordation of the first mortgage that has been foreclosed, but the Association shall have a lien upon the proceeds from foreclosure or of sale junior only to the lien of the foreclosed first mortgage. No sale or transfer shall relieve such Lot from liability for any assessment thereafter becoming due or from the lien thereof.

5.4 Levy of Assessments. The Board of Directors of the Association shall fix the commencement date for monthly or annual fees and/or assessments on the first day of the month following the conveyance of the first Lot to an Owner and shall provide for a partial assessment between the commencement date and the end of the calendar year next following. Thereafter, monthly or annual fees/assessments shall be levied by the Board of Directors of the Association, by action taken on or before December 1 of each year for the ensuing year. The Board, in its discretion, may provide for the periodic payment of such fees/assessments at some intervals other than monthly. Special assessments may be levied in any year for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, improvement, repair or replacement of the Common Areas, if any, including fixtures and personal property related thereto; provided that the same are first approved by the Board of Directors of the Association, recommended to the membership, and subsequently approved by affirmative vote of Members entitled to cast at least two-thirds (2/3) of the votes at a meeting of the Members duly held for that purpose. Written notice of the monthly, annual or special assessment shall be mailed (by U.S. first class mail) to every Owner subject thereto. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an Officer of the Association setting forth whether the assessments on a specified Lot have been paid and the amount of any delinquencies. The Association shall not be required to obtain a request for such certificate signed by the Owner, but may deliver such certificate to any party who in the Association's judgment has a legitimate reason for requesting the same.

5.5 Initial Capitalization Fee and Monthly Fees. There shall be an initial capitalization fee paid by all Owners at the closing of their Lot(s) to the Association in the amount of Three Hundred Dollars (\$300). All owners shall in addition pay a monthly fee in the initial amount of Twenty-Five Dollars (\$25). The fee may be increased by the Board of Directors if said increase is deemed by them to be for the good of the Subdivision. The amount of such increase shall not exceed twenty-five percent (25%) of the prior year's fees unless a majority vote of Owners supports such increase. Any fee increases shall be automatically effective thirty (30) days after the Association sends written notice to each Owner of the new amount.

5.6 Developer Reimbursement. Pending the Transfer of Control, the Developer shall have the obligation to advance funds for the maintenance of the Common Areas and administration of the Association to the extent that the initial capitalization fees and/or monthly fees/assessments shall be insufficient to enable the Association to defray such costs (hereinafter referred to as the "Developer Contributions"). The Association shall reimburse Developer for such Developer Contributions after the Transfer of Control.

5.6 Rate of Assessment. All Lots in the development shall commence to bear their fees/assessments simultaneously.

5.7 Effect of Non-Payment of Assessments and Remedies of the Association. Any fee/assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the maximum effective rate then allowed by law. The Association, its agent or representative, may bring an action at law against the Owner personally obligated to pay the same or foreclose the lien against the Lot to which the assessment relates, and interest, costs, and reasonable attorney's fees for such action or foreclosure shall be added to the amount of such assessment to the extent allowed by law. No Owner may avoid liability for the assessments provided for herein by non-use of the Common Areas or abandonment of his Lot.

5.8 Insurance.

(a) The Board of Directors of the Association shall determine what insurance and in what amounts shall be necessary for the operation of the Subdivision. If and until such time as any of the Common Areas of the Subdivision are improved, it is anticipated that the only insurance necessary for the operation of the Association shall be general liability insurance for claims arising out of the use of the Common Areas.

(b) In the event that the Board of Directors determines that it will be in the best interest of the Association to obtain insurance on any improvements owned by the Association and constructed in the Common Areas, when same are constructed, the Association shall obtain insurance it deems necessary covering such improvements and all personal property, equipment, fixtures and supplies owned by the Association. The face amount of such policy or policies shall not be less than one hundred percent (100%) of the current replacement cost of the improvements.

(c) If available at reasonable cost, as determined in the sole discretion of the Board of Directors, directors and officers liability insurance shall be purchased in amount determined by the Board of Directors, such costs of coverage to be paid by the Association. It is presently agreed that coverage in the amount of One Million and No/100 Dollars (\$1,000,000.00) per occurrence would be a reasonable amount of such coverage.

### EASEMENT

6.1 General. The Lots and Common Areas in the Properties subject to this Restrictions shall be subject to all easement shown or set forth on the Plat.

6.2 Development and Construction. Developer for itself and for builders and contractors approved by the Developer, hereby reserves an easement upon, over, and across the Common Areas for purposes of access, ingress, and egress to and from the Lots during the development of the Properties and during the period of construction of residences upon such Lots. Neither Developer nor any utility company using the easements shall be liable for any damage done by either of them or their successors or assigns, or by their agents, employees or servants to shrubbery, trees, flowers or improvements of the Owner located on the land within or affected by said easements. A right of pedestrian access by way of a driveway or open lawn area shall also be granted on each Lot, from the front Lot line to the rear Lot line to any utility company having an installation in the easement. The easement area of each Lot and all improvements in it shall be maintained continuously by the Owner of the Lot, except for those improvements for which a public authority or public utility company is responsible. Fences shall not be allowed to be constructed over or along any easement for public utilities.

## ARTICLE 7

### MORTGAGEE RIGHTS AND GOVERNMENTAL REGULATIONS

7.1 Special Actions Requiring Mortgagee Approval. Notwithstanding anything herein to the contrary, unless at least seventy-five percent (75%) of the first mortgagees (based upon one vote for each first mortgage owned) or Owners (other than the Developer) of the individual Lots have given their prior written approval, the Association shall not be entitled to:

- (a) By act or omission, seek to abandon or terminate the Restrictions declared herein:
- (b) Partition or subdivide any Lot;
- (c) By act or omission, seek to abandon, partition, subdivide, encumber, sell or transfer the common facilities. The granting of easements for public utilities or for other public purposes consistent with the intended use of the common facilities by the Subdivision shall not be deemed to transfer within the meaning of this clause;
- (d) Use hazard insurance proceeds for losses to any common facilities for other than the repair, replacement or reconstruction of such improvements, except as provided by statute.

7.2 Special Rights of Mortgagees. A first mortgagee, or beneficiary of any deed of trust shall be entitled to the following special rights:

- (a) Upon request, such first mortgagee is entitled to written notification from the Association of any default in the performance of any individual Owner of any obligation under these restrictions which is not carried by such Owner within sixty (60) days.
- (b) Any first mortgagee shall have the right to examine the books and records of the Association during regular business hours, and such books and records shall be made available to such first mortgagees upon their request.

7.3 Conformity with Regulations. Notwithstanding anything to the contrary contained in these restrictions, all terms, conditions, and regulations now existing, or which may be promulgated from time to time, by the Federal Home Loan Mortgage Corporation ("FHLMC"), the Federal Housing Administration ("FHA") or the Veterans Administration ("VA") pertaining to planned unit developments are hereby incorporated as terms and conditions of this Restrictions shall be binding upon the Developer, the Association and the Owners. In the event of a conflict between such regulations the most restrictive provision will apply.

7.4 Notices of Mortgages. Any Owner who mortgages his ownership interest shall notify the Association in such manner as the Association may direct, of the name and address of his mortgagees and thereafter shall notify the Association of the payment, cancellation or other alteration in the status of such mortgages. The Association shall maintain such information in a book entitled "Mortgages."

7.5 Copies of Notices to Mortgage Lenders. Upon written request delivered to the

Association, the holder of any mortgage of any ownership interest or interest therein shall be given a copy of any and all notices permitted or required by this Restrictions to be given to the Owner whose ownership interest or interest therein is subject to such mortgage.

#### 7.6 Further Right of Mortgagees.

(a) No Owner or any other party shall have priority over any rights of the first mortgagees pursuant to their mortgages in the case of a distribution to Owners of insurance proceeds or condemnation awards for losses to or a taking of common facilities.

(b) Any agreement for the professional management for the Association, whether it be by the Developer, its successors and assigns, or any other person or entity, may be terminated on ninety (90) days written notice and the terms of any such contract shall so provide and shall not be of a duration in excess of three (3) years.

(c) The Association shall give to the FHLMC, the VA or the FHA or any lending institution servicing such mortgages as are acquired by any of the foregoing, notice in writing of any loss to or the taking of the common facilities if such loss or taking exceeds Ten Thousand Dollars (\$10,000.00). The Association may rely on the information contained in the book entitled "Mortgages" as must be established pursuant to this Restrictions for a list of mortgages to be notified hereby.

### ARTICLE 8

#### 5 GENERAL PROVISIONS

8.1 Exercise of Powers. Until such time as the Association is formed and its Board of Directors is elected, Developer shall exercise any of the powers, rights, duties, and functions of the Association and/or its Board of Directors.

8.2 Duration. The foregoing Restrictions shall be construed as covenants running with the land and shall be binding and effective for fifty (50) years from the date hereof, at which time they shall be automatically extended for successive periods of ten (10) years each unless it is agreed by vote of a majority in interest of the then Owners of the Properties to alter, amend, or revoke the Restrictions in whole or in part. Every purchaser, or subsequent grantee of any interest in the Properties made subject to this Restrictions, by acceptance of a deed or other conveyance therefor, agrees that these Restrictions may be extended as provided in this paragraph 8.2.

8.3 Amendment. Except as provided below, the provisions of this Restrictions may be amended by Developer, without joinder of the Owner of any Lot, for a period of five (5) years from the date of recordation of this instrument or from the date of recordation of any Supplemental Declaration hereto, whichever shall be later. Thereafter this Restrictions may be amended by the affirmative vote of at least three-fourths (3/4) of the Owners whose Lots are then subject hereto. No

such amendment shall become effective until the instrument evidencing such change has been filed of record. Notwithstanding the foregoing, the Owners of Lots then subject hereto shall have no right to amend the provisions of Article 2 or paragraph 5.2, without the prior written consent of Developer.

Developer reserves the right to file any amendments that may be necessary to correct clerical or typographical errors in this Restrictions, and to make any amendments that may be necessary to conform the Restrictions with regulations of the Federal Home Loan Mortgage Corporation, Federal Housing Administration, the Veteran's Administration or other applicable regulations that may be necessary to assure Lender approval of the development.

8.4 Enforcement. If any person, firm or corporation shall violate or attempt to violate any of these Restrictions, it shall be lawful for the Association and/or any other Owner to bring an action against the violating party at law or in equity. Any failure by Developer or Owner to enforce any of said Restrictions or other provisions shall in no event be deemed a waiver of the right to do so thereafter. Invalidation of any one or more of these Restrictions by judgment or court order shall neither affect any of the other provisions not expressly held to be void nor the provisions so voided in circumstances or applications other than those expressly invalidated, and all such remaining provisions shall remain in full force and effect together with the provisions ruled upon as they apply to circumstances other than those expressly invalidated. Should the Association employ counsel to enforce the Restrictions, the Association shall be entitled to recover from such violating party, regardless of the outcome of such attempted enforcement, the attorneys' fees and expenses incurred during such employment of attorney(s).

8.5 Heading and Binding Effect. Headings are inserted only for convenience and are in no way to be construed as defining, limiting, extending or otherwise modifying or adding to the particular paragraphs to which they refer. The covenants, agreements and rights set forth herein shall be binding upon and inure to the benefit of the respective heirs, executors, successors and assigns of the Developer and all persons claiming by, through or under Developer.

8.6 Unintentional Violation of Restrictions. In the event of unintentional violation of any of the foregoing Restrictions with respect to any Lot, the Developer or its successors reserves the right (by and with the mutual written consent of the Owner or Owners for the time being of such Lot) to change, amend, or release any of the foregoing restrictions as the same may apply to that particular Lot.

IN WITNESS WHEREOF, Developer and all other record owners of Lots within the Properties have caused these Restrictions to be executed on the day and date first above written.
