**SUPERHERO SATURDAY**

January 13, 2024

Our BMCA Chairperson Candice Fremouw was recognized as a Superhero by Vice Mayor Deb Stark!

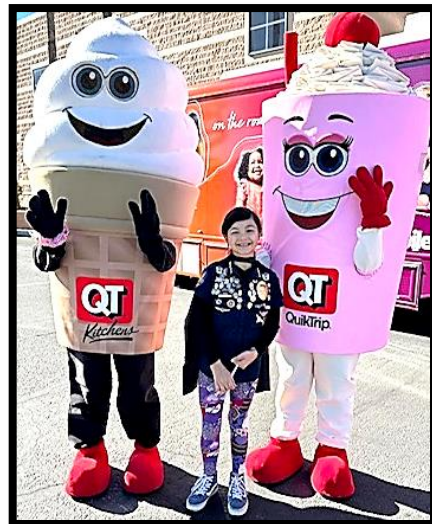

Mayor Kate Gallego, Batman, and Councilwoman Ann O'Brien

On January 13<sup>th</sup> I had the pleasure of attending the annual Superhero Saturday event at Metrocenter, presented by the Phoenix Police Sergeants and Lieutenants Association. It proved to be a fantastic day filled with entertainment, captivating cosplays, and a market featuring various vendors. A special congratulations to Marnie Hawkins from District 1, who received well-deserved recognition for volunteer work in her community, Village Meadows, at the event. Thank you to everyone who contributed to the success of Superhero Saturday—your participation made the event truly memorable. The array of amazing costumes was impressive, and I'm already anticipating the excitement of next year's event.

## 2024 Price Increases on PNP Clothing

I announced this was coming. We have the 2023 price sheet, and I updated the PNP Clothing Order Form. I attached a copy here and have already asked for it to be updated on the websites (PD, PNPMembers.com and the BWAB). These prices go into effect immediately. Any order forms sent in already with a postmark prior to today will get the previous prices.

Please update your neighborhood websites if needed.

## IRS Mileage Rate Current Rate

If you have Mileage Reimbursement funds in your current BW Grant this is important info for you. The mileage reimbursement rate was increased as of January 1, 2023. It is now 65.5 cents a mile.

## PNP merchandise order forms and cost updates:

As you are writing your grants, you might be budgeting for PNP equipment, like clothing, street signs and/or vehicle signs and are curious about expected prices for 2024. If any of you have bought groceries or filled up your gas tank you know there has been an increase in the cost of just about everything recently. The updated order forms are now online at [www.phoenix.gov](http://www.phoenix.gov)

### Message from Councilwoman Ann O'Brien

My office attended the Bell Road Business Alliance Meeting where they heard from representatives from the planning department on the Transit Oriented Development (TOD) study for the Metrocenter area. The City of Phoenix, in partnership with project collaborators, community stakeholders, and the Mayor and Council, is embarking on the development of a Transit-Oriented Development (TOD) policy plan specifically designed for the NWEII Study Area. This comprehensive plan aims to attract, guide, and prioritize strategic investments in infrastructure, housing, economic development, transportation, and various other areas, aligning with the community's collective vision for the future. The NWEII study area, with a focus on the Metrocenter area, presents unique amenities and opportunities for additional enhancements within existing spaces, complementing the TOD implementation. The policy plan will unfold through three distinct planning phases, made possible by a federal grant. This initiative empowers the City and surrounding communities to proactively plan for the future, anticipating the operationalization of the light rail and the anticipated growth of the area. For more details on TOD in the Metrocenter area, please visit [this link](#). Additional information on TOD is also available [here](#).

I attended Barrio Brewing's Grand Opening Celebration at the Deer Valley Airport. The food was delicious, and I participated in the official ribbon cutting ceremony. The new location offers fantastic local brews, breakfast and lunch/dinner menus, and community meeting spaces. I am grateful to the team at Kind Hospitality who understood the sentimental value the old restaurant held in my constituents' hearts. They've incorporated many of the aspects that made the old restaurant so endearing and nostalgic such as the old model planes that were integrated into the design. Thank you to everyone who made it out to the celebration and helped make the night a success. Make sure you check it out!

All my best, **Ann** Councilwoman, District 1

### Vacant Property Registry

In December 2023, the Phoenix City Council approved the Neighborhood Services Department's Vacant Property Registry (VPR). The VPR is an online portal that maintains contact information for owners of vacant properties that meet specific criteria outlined in the Phoenix City Code. The City of Phoenix uses the registry to notify property owners of code violations and property-related issues.

The VPR alleviates barriers by providing a free, online portal that is virtually available anytime and from anywhere. Owners can register, provide contact information, and gain access to educational resources at their convenience. Proactive Education for Property Owners

- Owner responsibilities
- Available resources
- Requires local point of contact
- Reduces notice time
- Increases penalties for non-compliance

The VPR also addresses the community's need for an efficient response to crime, blight, and other related code violations.

For more information on the registry or to register a vacant property, please visit the [vacant property registry website](#)

## BLACK MOUNTAIN COMMUNITY ALLIANCE & BLACK MOUNTAIN PRECINCT COMMUNITY BW / PNP MEETING HIGHLIGHTS With 79 in attendance at the DVCC

Meeting called to order at 6:35 pm by Candice

BMCA Chairperson Candice Fremouw

BMCA V-Chair Goldie Cohen BMCA Sec/Ed/Web Laura Robins

### CITY COUNCIL:

District 1 Councilwoman Ann O'Brien talked about the New Community Court that started up yesterday. One individual accepted services. On January 27<sup>th</sup> from 9 am to noon will be celebrating the opening of the Thelda Williams Transit Center, and the northwest extension of the light rail will also open. We are hoping to see a wrap-up of the DOJ Investigation soon. My next dinner is at 5:30 pm on

Monday, January 29<sup>th</sup> at the Beuf Community Center on the DOJ Updates.

### Black Mountain Precinct Updates

Cmdr. Matt Siekmann talked about the DOJ Updates Meeting held last night. There was a lot of information on the measures being taken to resolve it. The good news is violent crime is down 5%. Property crimes including vehicles is down 13%. Organized retail theft has been a problem; however, our officers have made several arrests, and they are still in custody. Traffic enforcement has been busy in our precinct with many citations being issued. If you see traffic problems you can report it to [blackmountaintraffic@phoenix.gov](mailto:blackmountaintraffic@phoenix.gov). Our next Coffee with Cops is on Thursday, January 25<sup>th</sup> at 8:30 am at Chompies at 32<sup>nd</sup> Street and Cactus Rd. Fireworks has been a problem over the holiday season. Unfortunately, it's not the city laws, it's the state laws that need to be looked at. The low numbers of officers in our precinct continues.

### DVCC UPDATES:

Jordan reported that the Community Center will be going under renovations starting in February. Also planning for the upcoming After Dark in the Park will be starting at the end of the month. Sports are also starting up.

### VBW SIGNS & FIRST AID KIT PRESENTATIONS:

2 VBW Signs were given to Wes with Buffalo Ridge BW

1 VBW Sign and a First Aid Kit to Tena White with Village Meadows BW.

### BREAK OUT SESSION to meet with Area 21, 22 & 23 CAOs

Area 21 met with CAO Jeffrey Blair

Area 22 met with CAO Tim Tewers

Area 23 met with CAO Jeremy Campbell

**PRESENTATION:  
HOMELESS SOLUTIONS UPDATE**  
with Scott Hall, Deputy Director

Great information on what happened after the Zone was dissolved. Out of 700 people, 83% took services. An emergency shelter needed to be set up at La Quinta at I-17 and Greenway to help with placing people already in services and allow for room. It is only temporary and will be closing in April. Those people will be placed in different housing and will not be going out on the streets. Scott talked about his own journey out of homelessness.

Accountability is at the forefront of helping the homeless. The Community Court will be a great help for these people. There are several properties being renovated into housing for those in need. All the shelters have issues, but those who are looking for help will stay. To report issues, contact Phoenix C.A.R.E.S. or me at [scott.hall@phoenix.gov](mailto:scott.hall@phoenix.gov) The city is trying to overcome trespass issues with the shopping carts in parks and other areas.

Any wood, siding, shingles, roof covering, railings, fences, walls, ceilings, porches, doors, windows, screens, and other exterior parts of any structure on the property must be maintained in weather tight, sound condition and in good repair. The property owner is responsible for making sure there are no doors or windows left open and not secure to the outside. *FOR HELP call the Preservation Division of the Neighborhood Services Dept. at 602-495-0700 to see if you qualify for a free Grant!*

**OUTDOOR STORAGE:** All outside storage that can be seen from the street should be inside sheds or cabinets. Items should not be set in car ports in view of the street. Please use enclosed areas or backyards.

**JUNK, TRASH & DEBRIS:** Junk, trash and debris cannot be left in the yard or car port and must be properly disposed of. This includes junk auto parts, appliances, furniture, building and/or landscaping material, trash such as discarded papers, cardboard, plastics, etc. including tree trimmings and fallen limbs or any other items that appear to have been discarded. The only exception is during the Bulk Trash Collection weeks four times a year.

**PARKING:** Parking is only permitted for passenger cars and motorcycles on residential streets, on driveways or in garages. A driveway or parking area must be constructed with an approved dust free parking surface. The stone must be 1/4 - 3/4 in size with a permanent border holding it in. 1/4 minus size stone is not allowed for parking. There are limits to the amount of front yard area that can be used for parking. Only 35% of the front yard may be converted to driveway or dust free parking.

**GRASS AND WEEDS:** Grass and weeds must not be allowed to grow over 6 inches high due to fire hazard, allowing the weeds to go to seed and spreading throughout the neighborhood and insect infestation.

**ELIMINATE GRAFFITI:** Keeping the neighborhood graffiti free is something we can all do. If there is graffiti on your property, please remove it as soon as possible. The Graffiti Busters Program provides paint, supplies and training to assist groups with eliminating graffiti. The City will also remove the graffiti from private property with written permission from the property owner. Call 602-495-7014.

**Volunteers Needed for Tax Season**

The City is seeking volunteers to help residents with their 2023 taxes. Every year, the Volunteer Income Tax Assistance (VITA) Program prepares tax returns at no cost to many low-to-moderate income individuals and families. We can't offer this great service without **YOU**. VITA volunteers receive free training and will be certified by the IRS to prepare basic tax returns. We need greeters, screeners, bilingual interpreters and site coordinators. Volunteering with VITA is a great way to learn new skills and build your resume while helping others. Learn more about volunteering with VITA at [Human Services VITA/Tax Preparation \(phoenix.gov\)](https://www.phoenix.gov/human-services/vita) :

Neighborhood College is a one-of-a-kind collaboration of workshops and hands-on learning experiences brought to you by multiple city departments. Everyone is welcome! Regardless of whether you're a seasoned community leader or a new resident just looking to get to know your new home better, Neighborhood College is flexible enough to meet the needs of all Phoenix residents! We hope to see you at one of our many free workshops – and encourage your neighbors to do the same. **To sign up, call us at 602-534-4444. ### BLOCK WATCH IMPROVES THE QUALITY OF LIFE WITHIN NEIGHBORHOODS

Block Watches come in all sizes. They can be a few houses in a cul-de-sac to a whole square mile neighborhood. They help to develop a "sense of community" and strengthen and sustain neighborhoods by bringing residents/neighbors together with a common interest.

Every Block Watch starts with one person and their concern for the safety and well-being of themselves and their families. Their motivation may be to meet or get to know their neighbors to protect the children, to keep property values up by eliminating blight and graffiti, to stop speeding on the streets by installing speed humps to protect the children, to have peace of mind by discouraging barking dogs and loud parties, and to be safe from crimes like burglary, theft, and assault.

We all want to live in a safe and secure environment. Our homes should be safe havens. By rights there should be several layers of protection from the national level to our own neighborhoods. National and state governments provide control of our borders; state and city governments provide police and fire protection, education, and other resources, community member groups provide Phoenix Neighborhood Patrollers and the posting of PNP signs on neighborhood streets; Block Watch provides neighbors watching out for neighbors; and we provide our own home security alarms, lighting, and burglary prevention measures.

### HELP STOP CRIME IN YOUR NEIGHBORHOOD BY STARTING A BLOCK WATCH GROUP ON YOUR STREET TODAY!

# CRIME TIPS:

## "HOME-BASED JOB?" OR "HOME-BASED SCAM?"

If your New Year's resolutions include finding a new job, you may be looking for ways to make money working from home. However, not all work-from-home opportunities are what they seem. The Federal Trade Commission (FTC) received more than 95,000 consumer complaints about consumer sham job and business opportunities in 2022, making them one of the Top 10 frauds reported.

### HOW IT WORKS

You see an online or print ad that offers a work-from-home opportunity doing something like processing paperwork, stuffing envelopes or data entry work.

The ad may promise high pay and require little or no special skills or experience.

You may be asked to pay up front for training and other materials or you may receive a check to "cover" these expenses.

### WHAT YOU SHOULD KNOW

Criminals advertise jobs the same way honest employers do—on trusted websites and newspapers—and often pretend to be both well-known and smaller companies.

The listings can include fake testimonials and bogus personal stories of people making thousands or more through this opportunity.

They promise you a job, but what they want is your money and your personal information.

Honest employers, including the federal government, will never ask you to pay to get a job.

### WHAT YOU SHOULD DO

Do an online search using the company's name plus the words "scam," "review" or "complaint" to see what other people are saying.

Check out the company with your state consumer protection agency, the Better Business Bureau in your community and the area where the company is located.

Don't provide any personal details until you're certain a job offer is legitimate.

Ask lots of questions before accepting any work-from-home job offer—including how and when you'll be paid, whether it's a salary or commission-based payment and if there are up-front costs.

If you have experienced financial loss or identity fraud through a work-at-home job scam, report it to law enforcement. You can also share the information with the FTC online or by calling 877-382-4357.

## UTILITY SCAMS HEAT UP DURING COLDER MONTHS

Criminal impostors take on many faces, including those of utility companies. While utility scams happen year-round, criminals are especially active when customers rely on these services to stay safe and warm during colder months.

Anyone who pays a utility bill can be a target, so here are some things to look for.

### HOW IT WORKS

You get an unexpected visit, call, text, or email from someone claiming to be your power or water company.

They may offer a free energy audit or assistance signing up for government programs to reduce energy bills.

Or they threaten to cut off service unless you pay an overdue bill or maintenance cost immediately.

### WHAT YOU SHOULD KNOW

Utility impostors aim to convince you to make a payment to them or to supply personal or financial data that they can use to steal or sell your identity. They may open new accounts and run up charges in your name.

Legitimate utility companies don't request personal information by email or phone, and they provide advance warning before disconnecting services.

If anyone ever tells you to pay a bill by purchasing gift cards and sharing the numbers off the back, or to go to a bitcoin ATM to send payment that way, it is a scam.

### WHAT YOU SHOULD DO

It is a sad state of affairs to say not to answer your door when someone unexpectedly knocks and not to trust email messages, text messages, or phone calls, but this is the world we are in.

If a message by any channel immediately puts you into a heightened emotional state, say fear or panic, let that be your sign to disengage.

Contact your utility company at a number you know to be correct from a paper bill, through an online portal you have login credentials for, or by going directly to the utility's website. (Don't do a web search; the results often contain ads bought by criminals to direct customer service calls to them.)

If you or a loved one have experienced a utility scam, report it to your actual utility company and to law enforcement. You can also share the information with the Federal Trade Commission online or by calling 877-382-4357.

Knowledge gives you power over scams. The AARP Fraud Watch Network equips you with reliable, up-to-date insights and connects you to our free fraud helpline so you can better protect yourself and your loved ones. We also advocate at the state, federal and local levels to enact policy changes that protect consumers and enforce laws.

# 988 988 988

People experiencing a mental health crisis have a new way to reach out for help in the U.S. They can simply call or text the numbers 9-8-8.

Modeled after 911, the new three-digit [988 Suicide & Crisis Lifeline](#) is designed to be a memorable and quick number that connects people who are suicidal or in any other mental health crisis to a trained mental health professional.

"If you are willing to turn to someone in your moment of crisis, 988 will be there," said Xavier Becerra, the secretary of the federal Department of Health and Human Services, at a recent press briefing. "988 won't be a busy signal, and 988 won't put you on hold. You will get help."

The primary goal of the new number is to make it easier for people to call for help. Lawmakers and mental health advocates also see this launch as an opportunity to transform the mental health care system and make care easily accessible everywhere in the United States. The Biden administration has invested more than \$400 million in beefing up crisis centers and other mental health services to support the 988 system.

## Beware of flood damage when buying a used vehicle

*Vehicles in floods or severe weather may not be properly identified*

As winter weather patterns start to bring much-needed rain and snow, a possible side effect could be troublesome for those looking to purchase a vehicle. Cars damaged by floodwaters, such as those resulting from the recent 20-25 foot waves or heavy rain storms in California, can sometimes be sold by unscrupulous individuals.

When looking for a new-to-you vehicle, it is important to know its history. Pay close attention to a vehicle's condition and title status, especially in private sales. If a vehicle is flood-damaged, the title should say "salvage" or "flood damage." But occasionally people fraudulently remove flood history from vehicle titles, making it more difficult to title or insure the vehicle after the sale is completed.

Potential buyers should remain vigilant when looking at used vehicles, closely inspect the vehicle, don't sign anything until the vehicle has been checked over bumper to bumper and be prepared to walk away if things don't smell right – quite literally in some cases.

### ADOT recommends buyers follow these guidelines:

- Check out all of the vehicle's nooks and crannies. Look under the carpet and floor mats and examine the trunk for dirt, silt and mold. Check under the dashboard and other hard-to-reach places as well. Scammers usually don't clean all of those places. Finally, take a good whiff in those areas. Water damage leaves a distinctive smell.

Check the electrical and mechanical components. Water wreaks havoc on electrical systems, so check to see if any of those systems aren't working quite right. Also check the engine for signs of rust or even random new parts. If possible, ask an auto mechanic you trust to check the suspension for water damage. Any of those things could be a sign that you're in danger of buying a flood-damaged vehicle

**Don't lose your hard-earned money; walk away if you see any of these red flags.**

A buyer can use the vehicle identification number (VIN) to obtain the vehicle history through an online service that may charge a fee. This check can uncover a vehicle's status as "salvage" or "nonrepairable," as well as maintenance problems, collisions, insurance claims and titles issued in other states.

Visit the [MVD website](#) for more information about buying or selling a vehicle.

## ADOT seeks bids to construct 21 electric vehicle charging stations

*Facilities planned along interstates are step toward statewide network*

PHOENIX – Advancing plans to support adoption of electric vehicles, the Arizona Department of Transportation is seeking bids for private entities to build or upgrade electric vehicle charging stations along interstate highways.

The stations are the first major step in establishing a statewide network of rapid charging stations, with 21 facilities expected to be operating by the end of 2025. These stations are intended to reduce range anxiety and encourage use of electric vehicles as a viable alternative to gasoline-powered vehicles.

All stations will be privately owned and operated, with federal funds covering 80% of construction costs and the private developer paying 20%. No state funds will be involved in the construction of these stations. Bids are due April 19, with ADOT awarding contracts this summer. Construction of the privately owned facilities is anticipated to take about a year.

The charging stations are funded through the National Electric Vehicle Infrastructure program, or NEVI, which is allocating \$5 billion in funds nationwide through the U.S. Departments of Transportation and Energy and \$76.5 million for Arizona.

The charging stations generally will be spaced no more than 50 miles apart, and must be constructed beyond the freeway within a mile of an interchange. The bidding process outlines general areas where stations eligible for funding can be located, with specific locations to be determined through the selection process. Each station must include at least four chargers that can charge a typical electric vehicle within 20-30 minutes.

While the first round of electric vehicle charging stations will focus on interstates, ADOT plans to expand onto other highways starting with an additional round of bids in 2025. The plans will evolve based on developments within the electric vehicle industry and by studying the usage patterns of the first set of stations that come online.

For more information about the electric vehicle charging station network, visit [AZDOT.gov/EVPlan](http://AZDOT.gov/EVPlan).

# INFO OF THE MONTH

Share a tip, recipe, info, or some humor, e-mail it to [bmca200@gmail.com](mailto:bmca200@gmail.com)

February is [Graffiti Free Phoenix Awareness Month](#) and 2024 marks the 10<sup>th</sup> year of the campaign that raises awareness, focuses on education, and calls the community to action!

As we all know, graffiti is a form of blight that may decrease property values in neighborhoods and attract other forms of criminal activity if it is not promptly removed. We encourage residents to be aware of their surroundings and report any graffiti they notice or observe in progress.

To report graffiti, residents can use any of these three methods:

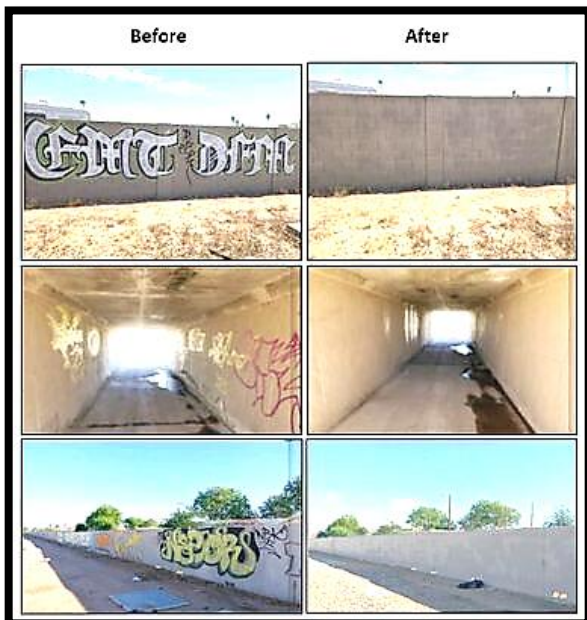

- Go online to [phoenix.gov/myphx311](http://phoenix.gov/myphx311) or the app [myPHX311](#).
- Email [blight@phoenix.gov](mailto:blight@phoenix.gov).
- Or call 602-534-4444.

If you see graffiti in progress, please dial 911.

For Graffiti-Free Phoenix Awareness Month, not only do we encourage neighborhoods to take an active role in reporting graffiti, but we challenge them to learn how to remove graffiti and be a partner in combating it. If you and your neighbors are interested in learning how to remove graffiti in your neighborhood, please contact [Betsy.Cable@phoenix.gov](mailto:Betsy.Cable@phoenix.gov). We can coordinate a free class for your neighborhood group.

Did you know that Neighborhood Services' Graffiti Busters work seven days a week removing graffiti all over the city? Check out these Before and After photos!

**DON'T GIVE TO INDIVIDUALS GIVE TO SHELTERS**

To end panhandling, we have to end directly giving to people panhandling. Phoenix is full of compassionate and charitable citizens. They want to help those in need. However, giving money to people panhandling doesn't fix problems. In order to truly help those in need, stop giving money to panhandlers and

instead support organizations and services that provide long-lasting care. – Central Arizona Shelter Services – Andre House – Salvation Army – St. Joseph The Worker – UMOM New Day Centers – The Phoenix Rescue Mission – St. Mary's Food Bank For more organizations and information that can provide housing, or other services, please visit the Homeless Shelter Directory at:

**Download Phoenix's mobile app now!**

In addition to launching this new mobile app, the city of Phoenix has recently upgraded the "At Your Service" web portal (now [Phoenix.gov/myPHX311](http://Phoenix.gov/myPHX311)). Now you are in full control of getting help with a wide range of services including:

- Requesting water / trash services bill
- Viewing / paying city services bill

- Reporting issues in the community (streetlights, potholes, water main breaks, etc.)
- Accessing city calendars and public meetings.
