

PMC OilPro Services

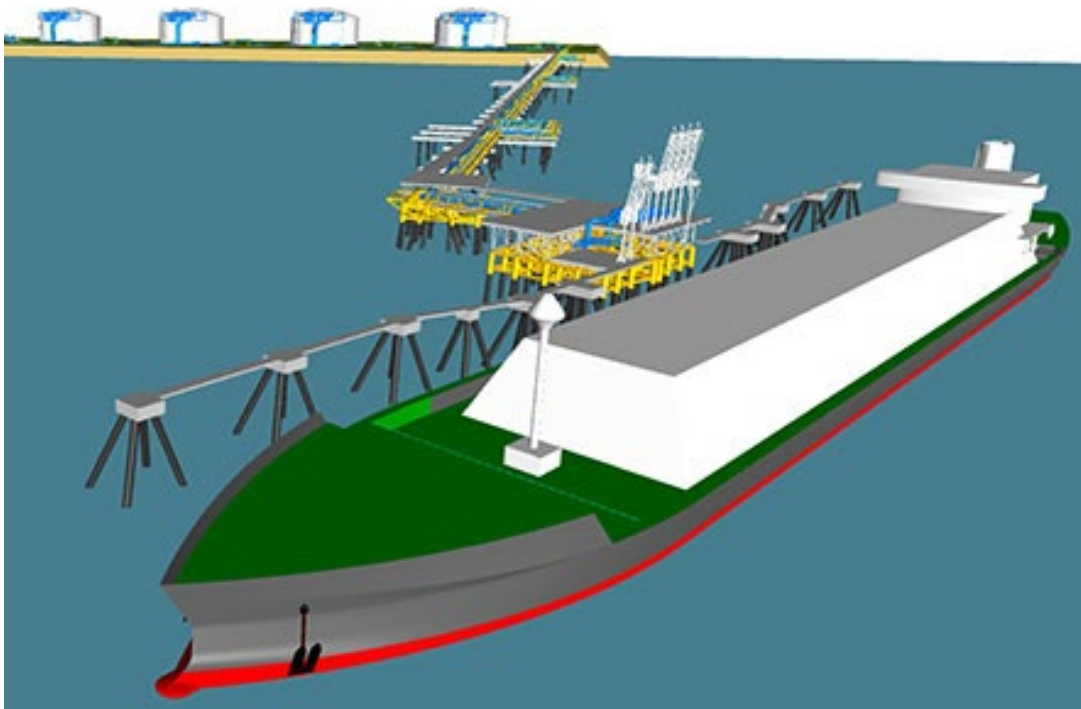

ENGINEERING AND ONLINE EXPERTS SUPPORT

PMC OILPRO

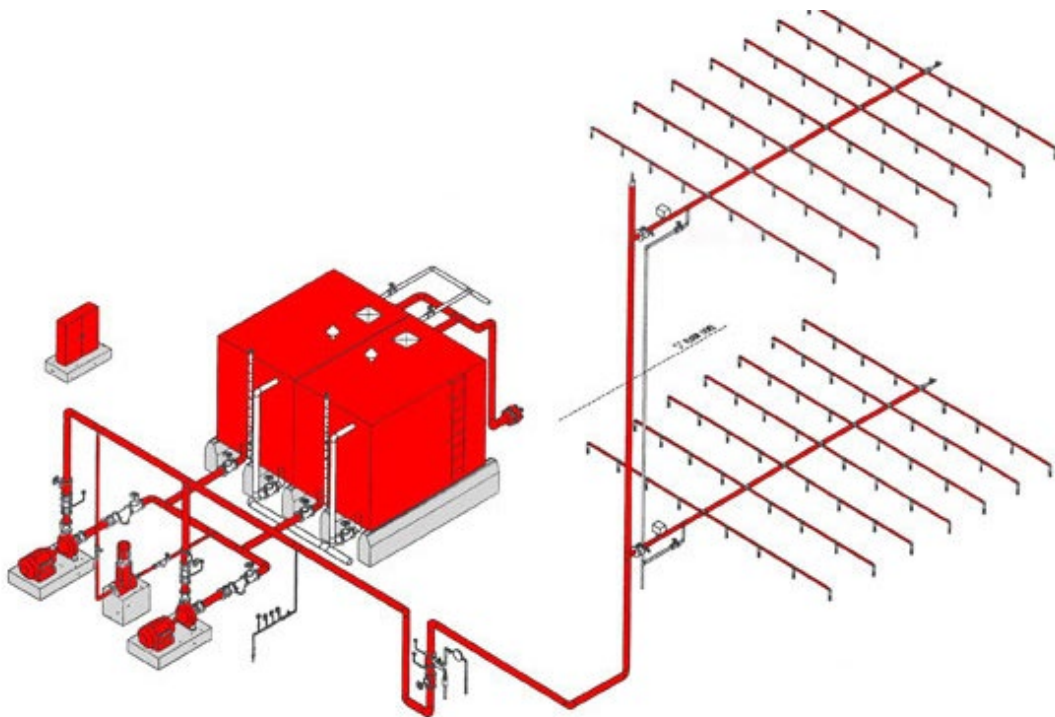

ENGINEERING

PMC OilPro performs the engineering, verification and monitoring of the following activities:

- Process Engineering
- Safety Engineering
- Risk-based Engineering
- Civil and Structural Engineering
- Piping and 3D Modelling
- Pipeline Engineering
- Rotary Equipment Engineering
- Static Equipment Engineering
- Instrumentation Engineering
- HVAC Engineering
- TELECOM Engineering
- Electrical Engineering
- Maintenance and Inspection

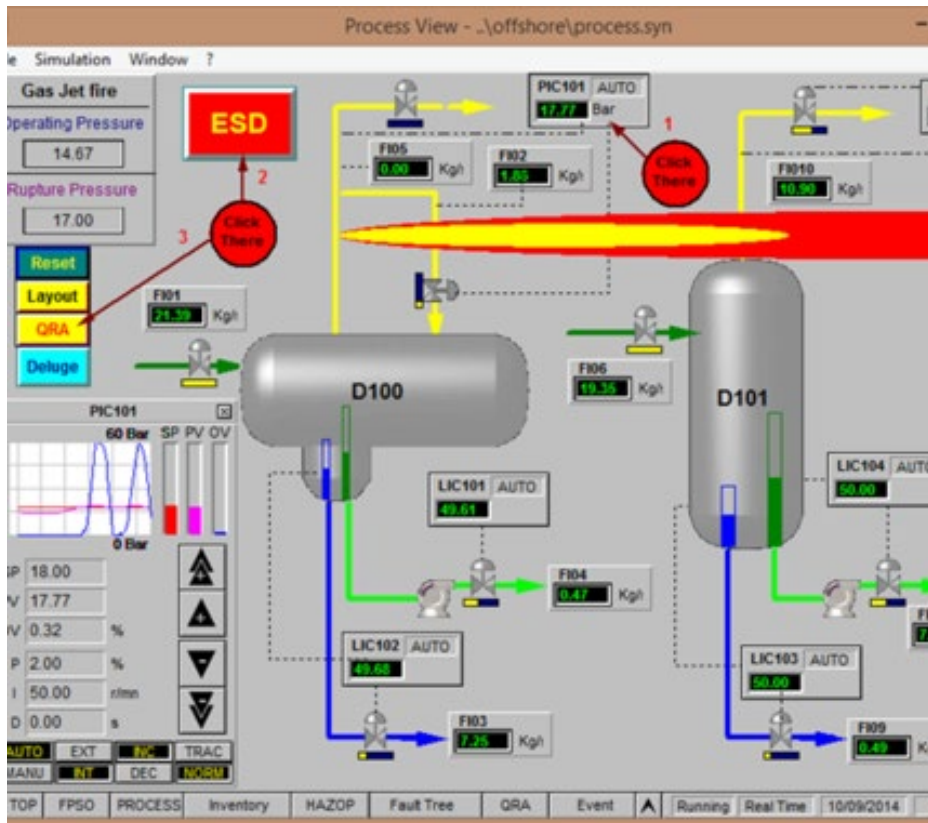

SAFETY ENGINEERING

PMC OilPro performs the engineering, verification and monitoring of the following activities:

- Fire protection
- Firefighting drawings
- Fire and gas detection systems
- P&ID of Fire water and foam systems
- Fire and Gas Cause and effect diagram
- Hydraulic calculation

RISK ASSESSMENT

14 mars 2020

www.epc365.com

PMC OilPro performs the following studies for risk assessment:

- HAZID
- HAZOP
- SIL
- PRA, DRA and QRA
- Risk Reduction Workshop
- ALARP demonstration
- Identification of the critical system
- SCE Performance standards
- HSE Case

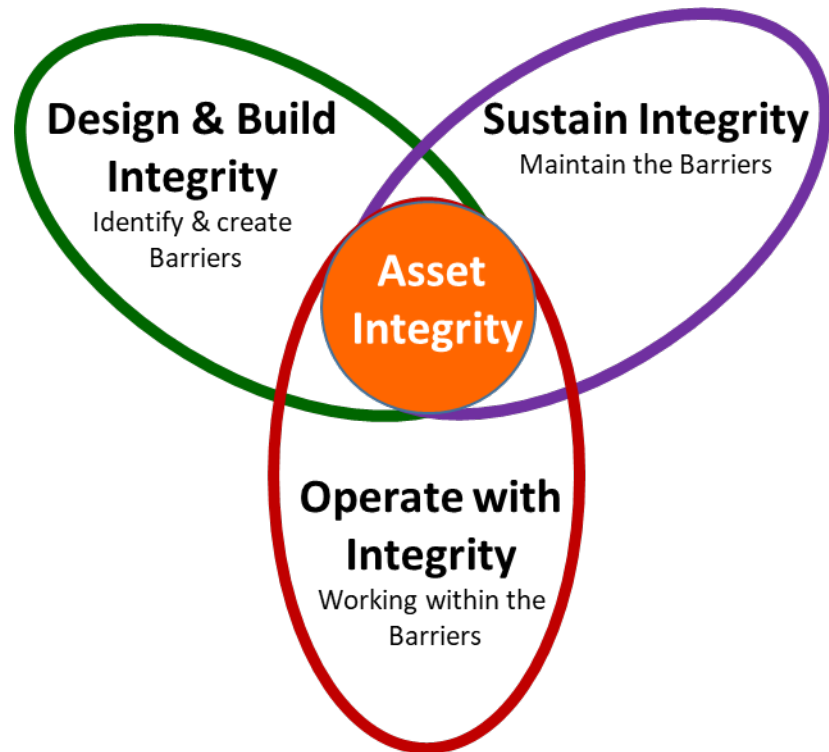

PROCESS SAFETY MANAGEMENT (PSM)

The screenshot shows a SharePoint page for EPC365. The browser address bar indicates the URL is epc365.sharepoint.com/expert-support/psm/SitePages/Home.aspx. The page title is "Process Safety Management (PSM)". A navigation menu on the left lists various categories from "Home" to "E13- Start-Up". The main content area features a graphic titled "Process Safety Integrity Leadership" which includes an illustration of a person at a computer and a Venn diagram with three overlapping circles labeled "Design Integrity", "Operating Integrity", and "Technical Integrity".

PMC OilPro provides the following services:

- Development of Process Safety Management (PSM)
- Gap Analysis
- Implementation and improvement of PSM
- PSM Verification and action plan
- Pre-Startup Safety Reviews (PSSR)
- Technical improvement
- Organizational improvement

INTEGRITY MANAGEMENT

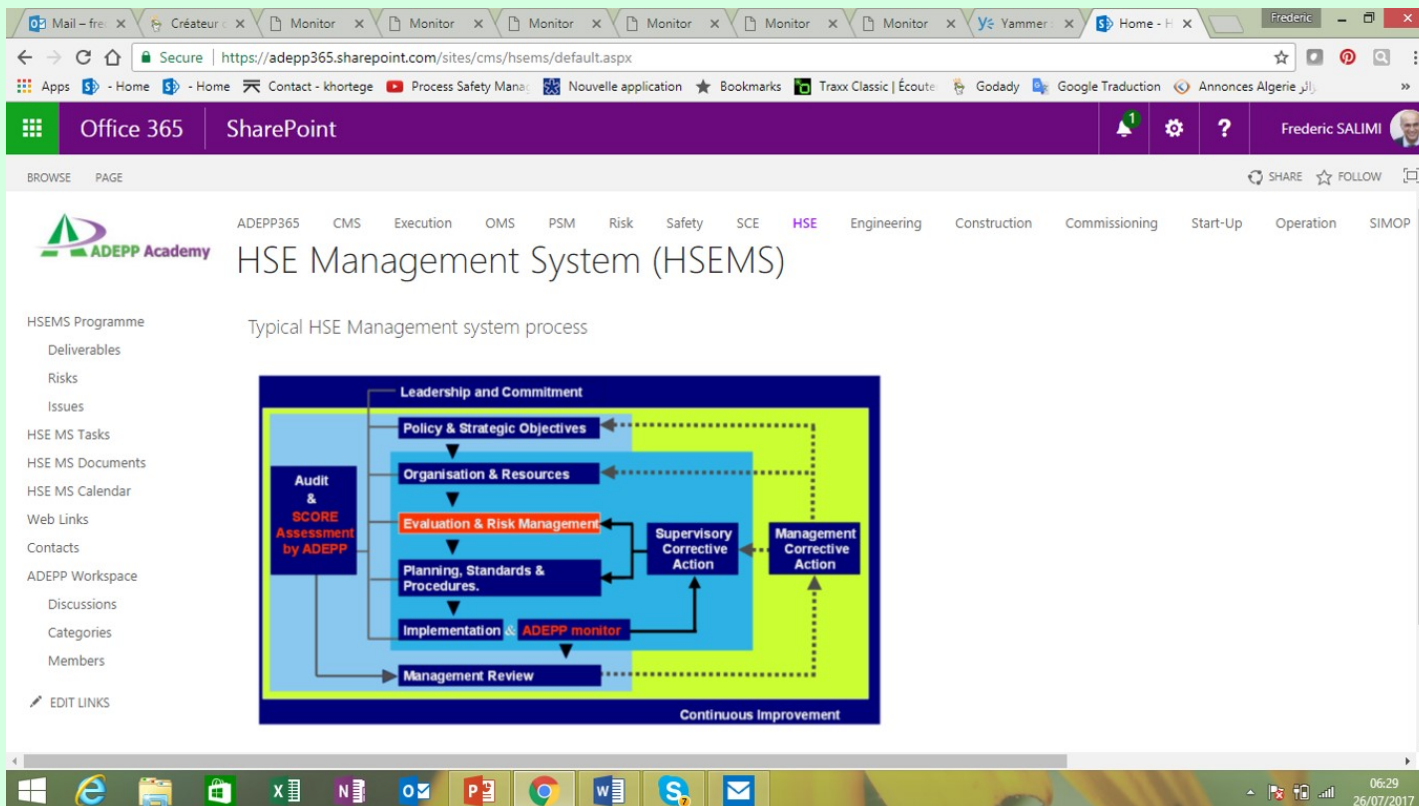

www.epc365.com

PMC OilPro provides the following services for Integrity Management:

- Development of Integrity management system
- Audit and gap analysis
- Technical improvement
- Organizational improvement
- Training

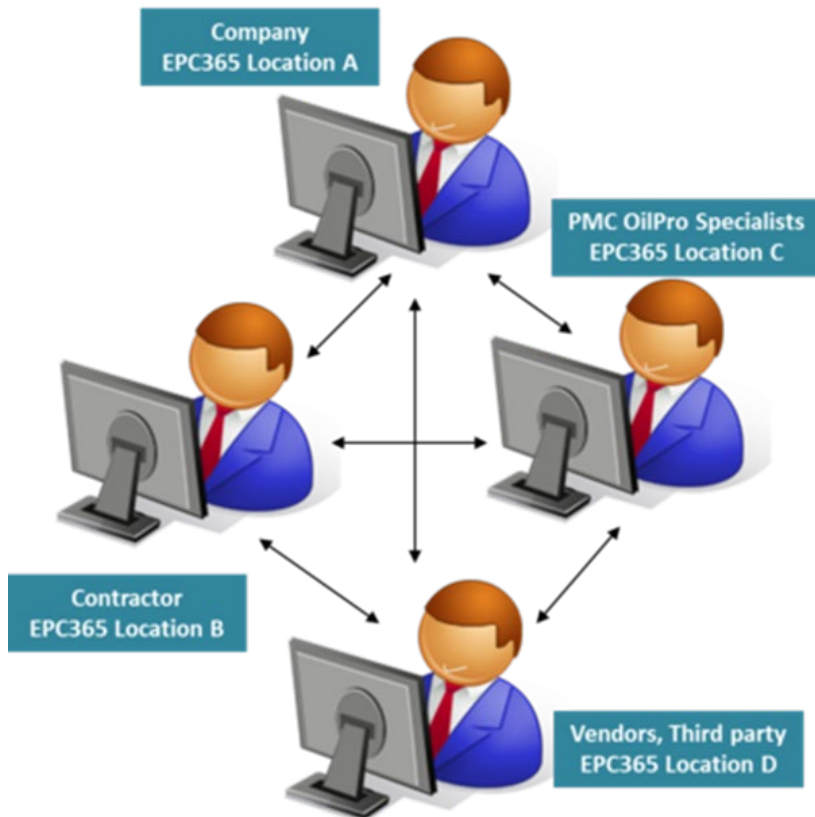

HEALTH, SAFETY AND ENVIRONMENT MANAGEMENT (HSEM)

PMC OilPro provides the following services for HSE management:

- Development of the HSE Management system
- Audit and gap analysis
- Technical / organizational improvement
- Training

TECHNICAL ASSISTANCE AND RECRUITMENT OF EXPERTS

PMC OilPro succeeds in identifying, filtering and mobilizing candidates all around the world.

Why us?

- Expert support by EPC365
- Online library
- Online codes and standards

We make full arrangements for travel, accommodation and more, ensuring the candidate arrives at the right time.

TRAINING

We offer online, personalized training offered by experienced and qualified trainers, providing diagnosis and quality solutions.

Our typical workshops:

- Safety engineering
- Risk Based Engineering
- Process safety management
- Integrity management
- HSE management System
- Identification of the Safety Critical Element (SCE)
- SCE Performance standards
- HAZOP
- SIL assessment and verification
