

Hotdesk User Guide

What does it do?

Hot Desking - is the ability for a user to receive calls at another device within the network.

*You cannot have Hot Desking and FindMe-FollowMe enabled at the same time.

Login in to another Phone

- Dial *11 from a hot-desk enabled phone
- When prompted enter your hotdesk Id or Extension Number
- If prompted enter your hotdesk pin
- You will receive a message that all calls will now come to this device

Logout of the Phone

- Dial *12
- You will hear a message saying you are logged out
