

mPassport: Your Mobile Health and Safety Companion

With the mPassport® mobile app, world travelers have convenient access to the best local doctors, hospitals and resources anywhere in the world.

Features

Search providers for medical, dental, or mental health care and map them using GPS technology*.

Request an appointment with a trusted HTH Worldwide provider.

Arrange direct billing** for future appointments to secure cashless access to care.

Find a medication's availability, generic name, and local brand name.

Translate medical terms and phrases for many symptoms and situations; use the audio feature to play the translation.

Get Started

Once registered on mpassport.com, download the mPassport app and login with the email address and password created when registering on the website.

Get Connected

Using the app does not require an Internet connection; however, using GPS for mapping*, scheduling an appointment, or downloading an audio translation, requires a connection.

* Kindle device does not support mapping options.

** Direct payment is available only to HTH Insured members.
