Why should I choose ABAP

- Many vacancies in Europe and USA
- Small number of free developers in Europe and USA
- Low level of competition for Job Offers
- Decent wages for juniors
- Impressive salaries for seniors / freelancers
- Option to shift career and become an SAP consultant
- Solid technologies and famous companies

Why should I choose Leksa ABAP Course

- **Tutors**
  11 years of SAP ABAP programming experience, still practicing,
  Personal experience of shifting to SAP ABAP from non-IT sphere

- **Success stories**
  More than **300 trainees** already took part in ABAP courses delivered
  by our tutors. Most of them finally become ABAP developers

- **"From the other side" experience**
  Our tutors conducted more than **800 hundred** interviews for ABAP job seekers and we will
  share this experience with you and prepare you for the first ABAP interview

- **Well-tailored schedule and support**
  Permanent online support in group chats. Dedicated time for personal consulting

- **Certification**
  Certification (for those passing final tests and exams)

- **Pre-Course preparation**
  We can suggest an **advance** preparation materials for the course for whose who are
  not yet confident in own technical level, but wants to participate in the ABAP Course

- **The most affordable ABAP Course ever**
  We love ABAP and trying to make it affordable for everyone
