

Stancraft Wooden Boats.....

I was not surprised by the outcome; these boats are breathtaking, and they scream luxury. Stancraft Boats are based out of Coeur d'Alene, Idaho. No two boats are the same, as they are as unique as their owner. Every boat is crafted by hand, uniquely to the specs of our customers on our campus in Hayden. Stancraft Wooden Boats has become an iconic brand on Lake Coeur d'Alene, and has delivered boats around the world. Throughout the four generations of family boat makers, they have always been dedicated to preserving the art of wooden boat building while infusing modern innovation. Because simply said, no one else does what they do.
