☀️ We are thrilled to be a part of the WILLeague community as of June 2024!

☀️ WILL contributes in building a fairer world through the creation of the widest international league of top legal specialists, covering more than 23 time zones.

☀️ WILL gathers senior lawyers from every part of the world with decades of experience behind them, with the aim of making the highest level of legal aid accessible and eliminating geographical distances.

☀️ Turkius Law aims to contribute WILL with the expertise areas in Turkish law and as well as navigate clients in foreign jurisdictions as a part of the international law network.

☀️ On June 18, 2024, Fatma Karakulah was featured in WILL's "What is on My Desk" series, where she shared the legal issues she is currently handling. It was a wonderful opportunity to discuss and compare laws with lawyers from various jurisdictions.
