Dan J. Waterman
Chief of Police

Joe Lopez,

I wanted take a moment to thank you for coming in and training my officers. The reception to the training was quite positive, and most of that has to do with how straightforward the product and training are. In the short two month's we have had BLOC, we have used it twice on Heroin overdose cases where the victims did not make it. I think one of the things that we had not initially considered is the likelihood of officers recovering evidence, and not worrying as much about the threat to their own safety than may have been the case if they did not have access to your product.

At any rate, I appreciate you coming out and training my officers, and following up to make sure we were taken care of.

Sincerely,
