Are your employees staying after hours to clean up after you close?

Hiring a professional cleaning company typically cost less than paying your employees to do the work and the results are better. Employee morale also improves as employees typically do not enjoy cleaning after hours.

Is your current cleaning provider not meeting your expectations?

If your current cleaning provider is not doing a good job of cleaning your business then it may be time to consider a new cleaning company.

We're ready to make your place the cleanest it's ever been!

We follow labor laws and do not sub-contract any of our work. All of our clients are serviced by our employees who are on payroll and covered by Worker's Compensation insurance.

Covid-19 Solutions

Sanitizing

We sanitize all areas of your business. We cover high touch common areas along with individual work spaces to ensure proper sanitation of your business.

Clorox Total 360® System

We offer electrostatic sanitizing services using the Clorox Total 360® System which has an innovative electrostatic sprayer, with the patented PowerWrap™ nozzle, delivering trusted Clorox solutions to the front, back and sides of surfaces. Superior coverage for better germ protection.

We Stay Informed

The safety of our staff, clients and your customers is very important to us. In light of COVID-19, we are constantly staying up to date on the most up-to-date safety, infection control and cleaning protocols recommended by the Centers for Disease Control and Prevention (CDC) and the Occupational Safety and Health Administration (OSHA).

Proper Training

All of our cleaning team members and field supervisors are trained on proper usage and handling of sanitizing liquids to ensure the safety our staff, clients and your customers. More importantly, using products properly ensures proper cleaning and sanitizing is occurring.

What We Offer
