# PROJECT PROFILE

## Commonwealth Restaurant

### PROJECT

Commonwealth Restaurant  
11 Broad Canal Way  
Cambridge, MA

### ARCHITECT

RODE Architects  
535 Albany Street  
Boston, MA

### DETAILS

K-13 Black  
4,500 Square Feet  
1" Thickness

Shabby Chic is all the rage, but without function behind all the form, it doesn't work. RODE Architects knew acoustical performance could be the difference between happy customers and one time customers. K-13 Black was applied at a 1" thickness on the fluted metal deck providing a Noise Reduction Coefficient of .90, completing this dramatic architectural design. Perfect example of acoustical performance, without being seen. For more information regarding K-13 call 508-678-1118 or visit our web site @ [www.atiincorporated.com](http://www.atiincorporated.com).
