# PROJECT PROFILE

## Red Robin Restaurant

### PROJECT

Red Robin Restaurant  
1201 Boston Post Road  
Milford, CT

### ARCHITECT

John A. Chipman Arch.  
1550 N. Northwest Hwy  
Park Ridge, IL

### DETAILS

K-13 Custom Color Red  
5,300 Square Feet  
1" Thickness

You have to look hard, but Red Robin knew the unseen benefits of this application of K-13 would be well worth it. As in many of the K-13 applications in restaurants, the main goal is not to be seen and not be heard. Applied above the suspended drop ceiling clouds, the K-13 eliminates the drum effect which can occur between the structural deck and the various suspended systems. The fact that it would be visible in certain areas lead the chain to decide they would have the K-13 applied in their custom Red color. For more information regarding K-13 call 508-678-1118 or visit our web site @ [www.atiincorporated.com](http://www.atiincorporated.com).
