

# Reasons Why Travelers Love Collette's Product

## Fewer One-Night Stays

We offer fewer one night stays and **more 2 - 3 - 4 night stays**. We believe time is best spent in destinations, not driving between them.

## 5-Star Touring with 4-Star Plus Accommodations

## Most Inclusive Tour Operator

Includes both the must-sees and also unique local experiences - not one or the other.

## Product Designed for Travelers by Travelers

Collette destination experts handcraft and personalise your traveller's experience.

## Balance & Choice on Tour

**Personalizing each guests experience.** Collette travelers get to customize their experience with an average of 2-3 included choices allowing greater immersion into each destination at no additional cost.

## Culinary Immersion

**Dine at local restaurants unique to each region** unless we are staying in a villa, castle or iconic hotel where you would absolutely want to dine in-house. This includes cooking classes and home hosted meals.

## Location, Quality & Uniqueness of Accommodations

In Ireland and UK stay in a castle, in Italy a picturesque villa, Finland's glass igloo, private yacht around Croatia, safari lodge in Africa, French chateau, Expedition ship through Patagonia. We do not compromise on hotel quality or accommodation.

## Transportation Unique to the Destination

Ride on a tuk-tuk in Southeast Asia or a jaunting car in Ireland.

## Best Tour Managers in the Travel Industry

Our tour managers bring the destination to life with their knowledge and expertise.
