Covid-19 Acknowledgement

In these unprecedented times, all daycare programs have been required to adhere to various safety measures and precautions to ensure the well-being of each and every child and staff member. For the foreseeable future, this form will go over various procedure and operational changes due to the pandemic, thus superseding any previous procedures, until it is deemed safe by the Owners to loosen these restrictions.

Pick Up and Drop Off:

Parents, guardians, family members and/ or guests are no longer allowed access inside the building without approval from the Owner. When dropping off and picking up your child, simply ring the exterior doorbell and one of our staff members will come to greet you at the door. We will then take your child and their belongs to their classroom. In an effort to keep pick up and drop offs running smoothly, we ask that you text the Director Cell Phone when you are 5 to 10 minutes away. This way, we can prepare to receive your child or get them ready to bring them out to you in a timely manner.

Masks:

Any parent, guardian or guest **MUST** wear a mask or facial covering when picking up or dropping off a child. Also, anyone who enters the building must wear a mask or facial covering. This includes all teachers and staff members.

Health Screenings:

All children, staff or guests who do enter the building, will go through a Health Screening. This screening includes answering basic health questions, having their temperature checked and immediately washing/ sanitizing their hands.

Sickness and Symptoms:

Because of Covid-19, we are strictly enforcing our Healthcare Plan to prevent any possibility of an exposure. This means that if your child has a fever of over 100-degrees, or if they are showing any other symptoms (coughing, running nose, red eyes, etc.), we ask that you please keep your child home. We understand that this may cause extra burden on parents, however this will help prevent the spread of various sicknesses.

Possible Covid-19 Exposure:

If you find out that you, your child, or anyone living in your household may have come in contact with someone with Covid-19, you must immediately come pick up your child from the program. Your child may only return to the program once a negative test comes back for whomever had the possible exposure.

In the event that a household member has tested positive for Covid-19, your child must immediately be removed from the facility and get tested as soon as possible. The results must then be reported to the Owners as soon as they are available. If your child tests negative, however a household member tests positive, your child may not return to our program until the household member tests negative or their quarantine time is over. If they test positive, they will not be allowed back into the facility until they have a Doctor's note stating it is safe for them to do so.

Weekly Tuition Payments:

In the event that your child cannot attend the program due to a Covid-19 related incident, weekly tuition payments must still be paid on time. Any lapse in payments may result in your child losing their space in the program.

Shutdowns:

In the event that there is another shutdown issued by the Governor, please be aware that Daycare Programs are deemed an essential business. We will still be operating during said shutdown. If you decide that you will not be having your child attend our program during this period, you must still continue paying your weekly tuition if you would like to reserve your space in the program once they return.

Acceptance
