## AFTERCARE FOR COOLLIFITNG

*Follow The Aftercare Instructions For Optimum Result*

- It is normal for the area treated to feel tighter, wet and sticky after treatment
- Allow any serum left on the skin to absorb
- Avoid touching your face whilst the serum is still wet
- Leave the serum on the skin for a minimum of 2 hours, if you can leave it longer then please do so
- Wash your face with warm water after you have allowed the serum to absorb and your skin is dry
- Resume normal skin care routine
- Do not go on sun bed or be within sun expose with the serum on your face this may result in your skin burning easily

# TERMS AND CONDITIONS FOR CoolLifting

Failing to follow the aftercare may have an effect on the desired outcome of your treatments to which Sapphire Skin Ltd will not be held liable for.

There is no limit on how many treatments you can have, for a more permanent results we recommend that you have a course of 6, these are carried out 2 per week for 3 weeks then once per month, if you purchase a course then 6 boxes will be held aside with your name on and these are non-refundable.

Any quotations given expire after 14 days.

If you cancel your treatment(s) less than 24 hours before your appointment is to start, there will be a cancellation fee of £10 or 50% off the booking amount, to which ever is more, this will automatically be charged to your card held on your account, this also includes cancelation of an area booked as a package deal.

Please do not bring children or animals to your treatments, you will be asked to reschedule and charged a cancelation fee.
