Minor-Parent/Guardian Permission Form

Parent Support: Being a member of a staff community and fulfilling the responsibilities of summer staff employment may be challenging for your child. He/she will need your support, prayers and encouragement. In signing this section of the Parent Permission Form, you are agreeing to read all the enclosed materials, to help your child prepare for camp and to continue your support in his/her ministry during the summer.

Weekend Waiver: Each weekend all staff will have one or two days when they are released from all duties. Please sign one of the following options below to indicate what your child may do on the weekends.

LRCC provides food and housing for staff at each site on the weekends. Staff members over the age of 18 are free to come and go as they please during their time off. There is always a leadership staff member onsite.

1. If you wish to allow your child to be part of the weekend staff community, please sign below. It is understood that your child may remain on-site during time off, is free to go with other staff for weekend trips, and the camp is released from all responsibility for your child during their time off. It is up to you as the parent to set guidelines for your child (for example, if they must call you before leaving the site), but any such arrangements are between you and your child and the camp is not responsible for enforcing these arrangements.
