

Dear Parent and Guardian,

The Luther Glen Farm staff is looking forward to hosting your child at Farm School. We work in cooperation with your child's school to design an experience that compliments their curriculum. We are proud of our program and strive to create a quality-learning environment. Our Camp and Program Directors, as well as our teaching staff supervise the educational experience at Farm School. Your child's school will be providing adult chaperones in the cabins. The ratio of chaperones to students will be one to ten.

Luther Glen Farm is accredited by the **American Camp Association** and adheres to the health and safety regulations of the **San Bernardino Health Department**. Our staff is trained in first aid and CPR, and we take every precaution to ensure the safety of your child's experience. Luther Glen Farm is situated 4,800 feet above sea level on 40 acres in the San Bernardino Mountain Range. The farm is easy to get to and located approximately one and a half hours east of Los Angeles.

It is essential that you complete the **Medical Release Form and Participation Agreement** and return it to your child's teacher before the school leaves for camp. Your school is responsible for health care while at Luther Glen Farm. Please talk with them about any concerns. If a special diet is required, it must be arranged two-weeks prior to arrival with our Camp Directors. In the event of an emergency, you can contact the camp at (909) 797-2513. This number rings in our camp office and has an answering machine that is checked regularly throughout the day and evening. Non-emergency phone calls to your child are not permitted. The following is the camp address. **Please do not send anything that requires a signature.**
