

## Annual Winter Seed Sowing Workshop With Horticulturist & Master Gardener Dolly Foster

**SPECIAL PRESENTATION - FREE AND OPEN TO THE PUBLIC  
LIMITED PARTICIPATION - SIGN UP PROMPTLY!**

**Sunday, January 21, 2024  
1:00p.m. - 3:00p.m.  
Niemeyer's Landscape Supply  
New Greenhouse  
Corner of Summit St. & Indiana Ave.  
Crown Point, IN 46307**

If you've had trouble starting seeds or you've never started seeds before, come to our workshop and learn how to Winter Sow!

Do you need plants for your garden or for a plant sale? Need a way to sow seeds that doesn't turn your house into a messy conglomeration of soil, lights and water stains? If you answered yes to any of these questions, then Winter Sowing is the method for you! Please join our Sowing Workshop to get a jump start to your seed growing!

Winter Sowing is a method of starting seeds outdoors, in the winter! We'll be doing the "milk jug method" in starting our seeds. It is a very easy and successful way to start annuals, perennials, veggies, herbs and native seeds. We will have a number of 1 gallon jugs at the workshop for you - bring an extra one along, if you are able.

Dolly will give hands-on instructions on how to make winter sowing containers. Bring the seeds you picked up at the Porter County Flower Show or any seeds you wish - some native flower seeds will be available to share. Further information will be shared after you sign-up below.

**Dolly Foster  
Landscape Horticulturist  
& Master Gardener**

Dolly Foster, Landscape Horticulturist, has been a Master Gardener for 23 years, an Indiana Accredited Horticulturist for 21 and a Certified Arborist since 2008. For the past 23 years, Dolly has been presenting lectures on many gardening topics. She spent four years as an adjunct faculty member of the Joliet Junior College Agriculture/ Horticulture Department and 18 years in the Parks and Recreation industry as staff horticulturist for two park districts. She has been butterfly gardening from the very beginning of her gardening career. Her passion has led her to raising monarch and swallowtail butterflies for over 15 years. Her garden at home has been a Monarch Waystation since 2011.
