Private Christian School and
Child Care Center

Train up a child in the way he should
go; even when he is old, he will not
depart from it.

Proverbs 22:6

APPLESEED ACADEMY

ABOUT US

Appleseed Academy is a private Christian school and child care center. During the academic year, we offer Preschool through 4th Grade classes. During the summer, we offer enrichment camps for children ages 2 through 12. We also offer child care year-round for children ages 18 months to 12 years.

It is our goal to create a safe, secure, and nurturing environment in which each child can reach his or her full potential. Our educational programs are designed to promote the academic, physical, social, and spiritual development of the children in our care.

SUMMER CAMPS

Get ready for a summer filled with fun and adventure! Our summer camps offer unique opportunities for children to expand their knowledge in an exciting and challenging atmosphere.

June: Let's Be House Hunters!

Children will travel all over the world as they explore the many unique and fascinating places people and animals call home – from houseboats to castles; spider webs to tunnels; and holes in the ground to nests in the treetops. Children will discover many places teeming with life! They will also learn how to be good neighbors in their own communities.

July: Let's Be Nature Detectives!

Children will investigate the mysteries of the air, water, trees, and soil as they explore their natural environment. They will discover and experiment in the outdoors as they hone their skills of observation and inquiry. They will also learn about the importance of caring for the environment.

August: Let's Be Storytellers!

Children's imaginations will take flight as they learn about fables and folk tales from around the world. They will become a part of their favorite stories as they create representative art and perform scenes from some of the most famous works. They will even have an opportunity to create and write their very own stories.

FIELD TRIPS FOR AGES 6-12

This summer, expand your child's world.

Opportunities abound in the Dallas Metroplex for children to learn first-hand about nature, science, history, and the arts.
