Cole Stevens

My name is Cole Stevens I was born and raised in Three Hills Alberta.

As a 4-H member for 7 yrs I was part of the Ghost Pine 4H Market Lamb Club, then started in the breeding projects as part of 4H. This is where it all began for myself and my family to be involved with the sheep industry. I currently own my own purebred Hampshire flock and this past summer at the Classic purchased my first purebred Texel ram. My family and I run a flock of 80 ewes and also have North Country Cheviot purebreds.

Upon receiving this scholarship I will be putting it towards my education at Lakeland College. I am currently enrolled in the Animal Science Technology Program. I plan to further my education and experience in the sheep industry as well as learn more about cattle.

I would like to sincerely thank the ASBA for awarding me this scholarship.
