DONATION FORM

Al-Azhar Academy is a private Islamic School that has been serving the Muslim community for 26 years. It is our mission to provide a solid and uniform platform of expression for Islam and educational development for elementary students. Our goal is to translate the teachings of the Quran and the Sunnah into everyday living.

Today, as prices continue to rise and inflation crippling households, we decided NOT to increase our school fees to help parents keep their kids at school. In order to keep our school open, we are asking for your help because our students and our wonderful Muslim community deserve to have the option of a reliable Islamic Education.

Please donate generously. This money will be a contribution from you to help our institution flourish. All donations are **Tax Deductible**. (You will receive a tax receipt from Al-Azhar to use when filing your taxes. You will receive a charitable tax credit. Percentage is based on the amount you are donating).
